# TOWN of NEW LONDON

# ANNUAL REPORT 1988

**New London Transfer Station opened June 7, 1988**

*Dedicated to*  
Charlotte Pitts Dean  
January 27, 1908 - May 21, 1988

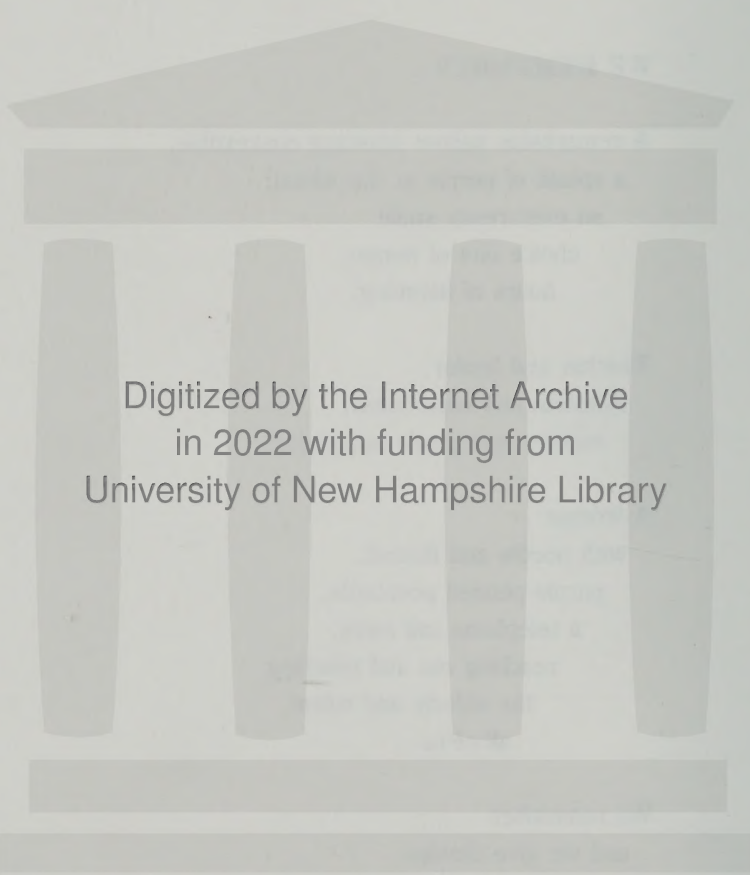

**WE REMEMBER . . .**

A remarkable yellow Mustang convertible,  
a splash of purple at the wheel;  
an ever-ready smile  
choice bits of humor,  
hours of listening;

Teacher and healer,  
musician and entertainer,  
enabler and gentle persuader;

A woman  
with needle and thread,  
purple-penned postcards,  
a telephone call away,  
reaching out and touching  
the elderly and infirm,  
all of us.

We remember  
and we give thanks.

Richard E. Mann  
Dr. Peggy Stock

## REPORT OF THE BOARD OF SELECTMEN

In reviewing the year 1988 we are encouraged by the progress that the Town of New London has made in resolving many of its ongoing problems. None of these problems lend themselves to easy solutions and it is only through the tireless efforts of our many dedicated town employees and volunteers that this progress has been achieved.

The Kezar Lake lawsuit and the landfill closure are two major concerns that have progressed, albeit slowly, in the past year. The Superior Court has begun hearing the Kezar Lake suit, and we can only hope that there will be a resolution of this matter this upcoming year. Our landfill closure plans are also moving forward. We have worked with our engineers and the State of New Hampshire on the procedure we will use to dig up and line our Mountain Road site and are now awaiting their final approval. We are also very excited about the progress made toward the building of our new bandstand. It now appears that the Mary Haddad Memorial Bandstand will be constructed this spring. We thank the committee that worked so hard raising the money and organizing this project.

As you all know, we have just completed the re-evaluation of the town. In this process we have increased the total valuation of the town from approximately \$95 million to approximately \$420 million. There has been much concern about the methods and equity of this process. The town officials and employees have been working hard to correct any inequities that may have occurred.

Two items appear on the warrant this year that deserve your careful consideration. As voted by the Town Meeting last year, a study was made of the cost to provide sewer to several areas of town. These proposals are presented in Articles 4 through 7. Regardless of how one may feel about how these projects should be funded, we hope that you do not lose sight of the rationale behind them, preserving a valuable asset, our ground water and lakes. The second item is a request for monies to help preserve open space in New London by purchasing development rights to a parcel of land on Little Sunapee Road. The sum requested represents about one-fifth of the total cost, the remaining four-fifths raised by the Ausbon Sargent Land Trust.

Probably the most important event during the past year would be the opening of our transfer station and recycling operation. After several years in the planning stage, it was most rewarding to see our transfer station in operation. We should all take pride in this facility which we feel is second to none in the State. We have also embarked on a most ambitious recycling effort. We asked

you all last year to let us try a voluntary recycling program in lieu of adopting a mandatory program. To date cooperation has been tremendous. From both an environmental and economic perspective it is critical that we expand our efforts in this regard.

We would like again to acknowledge the tremendous support we have received from all the citizens. Special thanks should also be extended to all those who served on standing committees, boards and special committees this past year. All this volunteer effort makes New London the town we love.

Respectfully submitted,

R. PETER BIANCHI

*Chairman*

HAROLD W. BUKER, JR.

JAMES W. MORELAND

### **NOTICE TO PROPERTY OWNERS**

Effective with the year 1987 the owners of real property will **not** be required to file an Inventory of Taxable Property per a vote of the Board of Selectmen to adopt the provisions of RSA 74:4a.

### **NOTICE TO CURRENT USE APPLICANTS**

New applicants for Current Use must fully complete a Current Use application form with a map showing clearly the land to be considered for Current Use. All applications and maps must be on file with the Board of Selectmen by April 15, 1989.

### **TOWN HISTORY — MIRROR TO AMERICA**

The Office of the Town Clerk has available for sale, during regular business hours, copies of *Mirror to America, A History of New London, New Hampshire, 1900-1950*, at a cost of \$10.00 per copy.

**TOWN MEETING — MARCH 8, 1988**  
**BALLOTING — WHIPPLE MEMORIAL HALL**

The meeting was called to order by Moderator Hilary P. Cleveland and the polls were declared open at 10:00 a.m. for consideration of Article I, Parts A., B. and C.

Protest Petitions against proposed Zoning Amendment #1 and proposed Petition Zoning Amendment #2 were presented to the Moderator. These petitions were signed by 20% of the landowners affected in New London. The posting of these two petitions thereby required two-thirds majority vote or 592 yes votes for passage of these two proposed amendments.

At noon Moderator Cleveland entertained a motion to recess the meeting until Wednesday evening, March 9, at 7:00 p.m. in the Kearsarge Middle School Auditorium to act upon Articles 2 through 58. However, the polls remained opened until 6:00 p.m.

At 6:00 p.m. the polls were declared closed, and the results of the balloting for Town Officers, the proposed amendments to the New London Zoning Ordinance, the question for the adjusted elderly exemptions from property tax, and Moderator for the Kearsarge Regional School District were read by the Moderator at 11:30 p.m.

Attest:

Lois E. Marshall, Clerk

Results of Non-Partisan Balloting for Town Officers. Total registered voters — 2,359; 823 regular ballots cast, 65 absentee ballots cast for a total of 888 votes cast.

Amendments to the Zoning Ordinance:

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 1: Amend Article XIX Prime Wetlands Conservation Overlay District as follows:

1. Delete the word “prime” from the title and throughout the article so that it is amended to become a “Wetland Conservation Overlay District” rather than a “Prime Wetlands Conservation District.”
2. Delete present paragraph B and replace as follows:
  - B. Overlay District Boundaries: The Boundaries of the Wetlands Conservation Overlay District include all areas in New London that are:-
    - i. Swamps, marshes, or bogs with an area of 2,000 square feet or more. No area limitation is applicable if contiguous to surface waters such as lakes, ponds, and streams.

- ii. Poorly drained soils or very poorly drained soils as classified by the most recent Soil Conservation Service Soil Survey of Merrimack County or as mapped according to High Intensity Soil Maps for New Hampshire soils mapping technique defined in Society of Soil Scientists of Northern New England publication number 1.
- iii. Prime Wetlands are designated as such by their size, fragility, and uniqueness. The Philbrick-Cricenti Bog, the Low Plain Wetland, and the Goosehole Marsh meet these criteria and are recognized by the New Hampshire Wetlands Board, thereby, receiving special consideration by the Wetlands Board.
- iv. If there is a disagreement concerning the validity of the boundaries of a wetland, the Planning board may have a qualified soil scientist, recognized by the New Hampshire State Conservation Committee or a professional Engineer so qualified, examine the said area and report the findings for the Board's determination of the Boundary. Costs for such a survey will be borne by the landowner or developer.
3. Add the present paragraph D Permitted. Uses the following:—
  7. Dry hydrants or fire ponds which are constructed to permit unobstructed flow of water.
  8. If an existing building within the buffer zone or wetland is destroyed or in need of extensive repair, it may be rebuilt but shall not extend further into the wetland or buffer area than the original structure.
4. Amend F. Special Provisions as follows:-
  1. No septic tank or leach field may be constructed or enlarged closer than one hundred feet (100 feet) to any wetland whenever excessively well-drained soils with rapid permeability are encountered, otherwise seventy-five feet (75 feet) shall govern.
  2. Areas designated as poorly drained soils may be used to fulfill 25 percent of the minimum lot size required by the use district of the zoning ordinance.
  3. Areas designated as very poorly drained, freshwater marsh or alluvial soils may not be utilized to fulfill minimum lot size.
  4. Any fill of wetlands for erection or construction of any structure, building or sign which may be permitted following appropriate public hearing shall be offset by the builder/developer through creation of new wetlands equal in area to those sections being filled.
5. Add paragraph G Enforcement as follows:-
  1. Selectmen shall have the power to enforce this ordinance and may assess fines of \$100 per day for each violation.
  2. Any wetland altered in violation of this ordinance shall be restored at the expense of the offender.

**RATIONALE:** This proposed amendment implements a recommendation of the Master Plan. It expands New London's Wetland protections to cover a significantly larger area. The present restrictions protect only the Philbrick-Cricenti Bog; the Low Plain Wetland and the Goosehold Marsh. The proposed amendment would protect all marshes, bogs, and swamps and all poorly drained and very poorly drained soils.

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning board for the New London Zoning Ordinance?

**AMENDMENT NO. 2:** Amend Article II, section 15 by adding a new number 5 as follows:

5. Multi-family yard sales at the residence of one of the participants are permitted, however, the individual(s) involved in the sale, and, not living at the site of the sale, must be residents of the Town of New London; and, all goods sold at the yard sale must be the property of said resident(s).

YES — 737

NO — 123

**RATIONALE:** This clarifies the ordinance, with regard to multi-family yard sales.

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the New London Zoning Ordinance?

**AMENDMENT NO. 3: 1**

1. Amend Article XIV - C. Special Exception Uses to add a new (12) as follows:
  12. Historic Village use in the Residential District.
2. Amend Article III definitions by adding the following definitions:
  - a. Historical Village: Historic buildings or replicas of historic buildings grouped together for the purpose of preserving the historical heritage of the community for future generations and educating people on the historical heritage of the community which is owned and operated by a private, non-profit organization. Fund-raising activities such as wedding receptions and barbecues as well as art festivals and crafts demonstrations shall be permitted as accessory uses.
  - b. Private, non-profit organizations: Any organization which has been recognized by the United States Internal Revenue Service as tax exempt under Section 501 (c) (3) of the Internal Revenue Code as amended.

YES — 625

NO — 234

**RATIONALE:** This amendment recognizes and permits the Historical Society's Historical Village off County Road as a use permitted by Special Exception in the R-2 District.

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 4:

1. Amend Article IX, Institutional District, as follows:

Section A Uses Permitted

Replace present paragraph 1 with the following:

1. College facilities and activities such as classroom and laboratory buildings, residents halls, cafeterias and college dining facilities, faculty/staff housing, recreation and sports facilities, playing fields, administration and faculty office buildings, parking facilities, medical and counseling facilities, art and performing arts centers, libraries, gymnasiums, field houses, college bookstores, maintenance, and utility buildings. College facilities and activities not specifically enumerated herein may be allowed as special exceptions provided that, in addition to the findings required by Article XIV, the Board of Adjustment shall determine that such use is appropriate to a college.

2. Amend Article XIV Board of Adjustment as follows:

Section C Special Exception Uses

Add a new paragraph 12 as follows:

12. Additional College facilities and activities in the Institutional Zone consistent with the provisions of Article IX A 1.

YES — 731

No — 114

**RATIONALE:** The present Institutional District covers only land owned by Colby-Sawyer College on the Zoning Map. However, Colby-Sawyer College is selling some of the properties within the District. The present Institutional District permits “facilities and activities appropriate to a college,” which is a vague statement that could prove troublesome to the Town in the future as properties pass from the college to others. The proposed amendment will assure that the original intent of the Institutional District is met. Single-family and two-family residences would continue to be permitted under paragraph 2 of Section A, which remains unchanged.

## PETITIONED ZONING AMENDMENTS

Are you in favor of the adoption of Amendment No. 1. as proposed by petition for the New London Zoning Ordinance?

PETITIONED AMENDMENT NO. 1: Add a new Article XX Steep Slope Overlay District as follows:

- A. **Purpose:** The purpose of the Steep Slope Overlay District is to prevent development on slopes in excess of 25 percent. Development on such slopes causes soil erosion and stream sedimentation; unnecessary loss of vegetative ground cover and destruction of trees; on-site waste disposal problems; difficult street construction; and expensive street maintenance.

- B. **Overlay District Boundaries:** The boundaries of the Steep Slope Overlay District include all areas of New London with slopes in excess of 25 percent. The slope of the natural terrain shall be determinative of whether or not land is within the overlay district. As a general guide, areas of slope in excess of 25 percent are portrayed on the December 1986 **Steep Slopes Map** prepared by the Upper Valley-Lake Sunapee Council.
- C. **Permitted Uses:** No buildings, structures or roads shall be permitted in the Steep Slopes Overlay District. Otherwise, the following uses are permitted:
1. Forestry and tree farming using best management practices in order to protect streams from damage and to prevent sedimentation.
  2. Wildlife refuges, conservation areas and nature trails.
  3. Open Space and outdoor recreation.
- D. Special Exceptions: None.

YES — 448

NO — 391

**RATIONALE:** This new overlay district implements a recommendation of the Master Plan. It prevents development on slopes exceeding 25 percent.

**THE NEW LONDON PLANNING BOARD DISAPPROVES THIS PETITIONED AMENDMENT BY A VOTE OF 3-2.**

Are you in favor of the adoption of Amendment No. 2 as proposed by petition for the New London Zoning Ordinance?

**PETITIONED AMENDMENT NO. 2:** Repeals the Planned Unit Development provisions of the New London Zoning Ordinance as follows:

Article XI of the New London Zoning Ordinance regarding Planned Unit Development is hereby repealed. The New London Planning Board is hereby directed to study the concept of planned unit development as applied to New London and to prepare revised planned unit development provisions for consideration at the March 1989 Town Meeting.

YES — 351

NO — 491

**RATIONALE:** The planned unit development (PUD) provisions of the zoning Ordinance have primarily been used for large housing projects such as Highland Ridge and Lake Sunapee Country Club. The PUD provisions have many weaknesses including an absence of precise standards, inadequate open space preservation standards and the fact that virtually any parcel larger than five (5) acres is eligible for such development. The proposed amendment would repeal the PUD article so that the Planning Board can prepare a better set of requirements.

**THE NEW LONDON PLANNING BOARD DISAPPROVES THIS PETITIONED AMENDMENT BY A VOTE OF 4-1.**

## CONTINUATION OF TOWN MEETING — MARCH 9, 1988

### KEARSARGE MIDDLE SCHOOL AT 7:00 p.m.

Moderator Hilary P. Cleveland reconvened the town meeting at 7:05 p.m. She read the results of balloting which took place on March 8, 1988.

Emily Campbell, Chair of the Kearsarge Regional School Board was recognized, and she urged everyone to attend the school meeting on March 19, 1988, and stressed the importance of this meeting in view of the question of reapportionment of costs which will be discussed. Dr. John Ohler was recognized by the Moderator and stated fairness should be the main consideration at the school meeting.

James Moreland, Chairman of the board of Selectmen, was recognized and expressed his appreciation to all who helped during the past year. He announced plaques will be given to Gordon Godfrey and Elaine Hoffman in appreciation for their service as members of the Town of New London Budget Committee. He then announced Raymond Heath, an employee of the library, as employee of the year. Ray is the second employee to be so named — Deborah Wheeler, head dispatcher, was named last year.

Ernest Welch was recognized by the Moderator and made a motion to suspend the rules and take up Article 9 first. The motion was seconded.

#### VOTE IN THE AFFIRMATIVE

**ARTICLE 9:** It was moved and seconded, "To see if the Town will vote to suspend the reading of the individual articles of the Warrant and to refer to them by number."

#### VOTE IN THE AFFIRMATIVE

**ARTICLE 2:** It was moved and seconded, "To see if the town will vote to raise and appropriate the sum of \$10,930.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in County Road from Newport Road to the intersection of Lakeside Road plus Goose Hole Road area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$10,930.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interest of the Town of New London." (11 cents per thousand)

The Moderator recognized Arthur Dorley who made a motion which was seconded, to amend Article 2 to read as follows: "I move that Article 2 be amended to read that the Town raise and appropriate the sum of \$10,930.00 for the purpose of preparing engineering plans, designs and contract bidding documents in preparation for the construction of sanitary sewers in County Road from Newport Road to the intersection of Lakeside Road plus the Goosehole Road area of New London and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all actions necessary to carry out this project in the best interest of the Town of New London."

**ARTICLE 5:** It was moved and seconded, ‘‘To see if the Town will vote to raise and appropriate the sum of \$23,020.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the compact area around Old Main Street, Knights Hill and Edmunds Road area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$23,020.00 for a period not to exceed 10 years under, and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London.’’ (25 cents per thousand)

NOT RECOMMENDED BY THE BUDGET COMMITTEE

The Moderator recognized Arthur Dorley who made a motion which was seconded, to amend Article 5 to read as follows: ‘‘I move that Article 5 be amended to read that the Town raise and appropriate the sum of \$23,020.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the compact area around Old Main Street, Knights Hill Road and Edmunds Road area of New London and to authorize the Board of Selectmen and the Board of Sewer Commissioners

to take all actions as may be necessary to carry out this project in the best interests of the Town of New London.”

VOTE IN THE NEGATIVE ON THE AMENDMENT  
VOTE IN THE NEGATIVE ON ARTICLE 5

**ARTICLE 6:** It was moved and seconded, “To see if the Town will vote to raise and appropriate the sum of \$12,550.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the Pleasant Lake area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$12,550.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of Taxation and borrowing; and to authorize the board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interest of the Town of New London.”

(13 cents per thousand)

NOT RECOMMENDED BY THE BUDGET COMMITTEE

The Moderator recognized Arthur Dorley who made a motion which was seconded, to amend Article 6 to read as follows: “I move that Article 6 be amended to read that the Town raise and appropriate the sum of \$12,550.00 for the purpose of preparing engineering plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the Pleasant Lake Area of New London and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all actions as may be necessary to carry out this project in the best interests of the Town of New London.”

VOTE IN THE NEGATIVE ON THE AMENDMENT  
VOTE IN THE NEGATIVE ON ARTICLE 6

**ARTICLE 7:** “To see if the Town will vote to raise and appropriate the sum of \$80,000.00 for the purpose of constructing sewer facilities, including pumping facilities, in the Goosehole section of New London (Goosehole Road, Goosehole Lane, and Goosehole Road extension), such sum to include all engineering work and study and the construction of a complete system of sewers, such sum to be raised by the issuance of serial bonds or notes not to exceed \$80,000.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Board of Selectmen to take all actions necessary to carry out the project in the best interest of the Town.” (By Petition)

(80 cents per thousand)

NOT RECOMMENDED BY THE BOARD OF SELECTMEN  
NOT RECOMMENDED BY THE BUDGET COMMITTEE

The Moderator recognized William Lynch who made a motion which was seconded to indefinitely postpone action on Article 7.

VOTE IN THE AFFIRMATIVE ON THE MOTION

**ARTICLE 8:** It was moved and seconded, “To see if the Town will vote to authorize the Sewer Commission to enter into an agreement to extend the sewer line along Route 11 from Country Club Lane to the Gray House Restaurant at the corner of Route 114 and Route 11; the extended line to be built to specifications approved by the Sewer Commission and the State and capable of accepting connections from the 25 potential users now located along the route of the extension; the cost of the extension to be financed at a cost to the Sewer Commission not exceeding \$25,750.00 per year over twenty years to be offset in part by the sewage use fees of the new users connecting to the line.” (By Petition) NOT RECOMMENDED BY THE BOARD OF SELECTMEN

Alf Jacobson was recognized and asked if it were legal to commit the town to expenses up to 20 years in advance. He asked if the distinguished John Teague, Town Counsel, might comment on that. Mr. Teague wished it be noted that Mr. Jacobson called him distinguished, for the record. Mr. Teague stated the Town Meeting may not simply vote to pay someone back over a 20-year period for anything. The most we can do is to vote a one-year payment.

VOTE IN THE NEGATIVE ON ARTICLE 8

**ARTICLE 10.** It was moved and seconded, “To see if the Town will vote to raise and appropriate the following sums for the ensuing year to defray Town charges:

	1987	1988
Town Officers’ Salaries	\$ 9,500	\$ 9,500

improvements and impact fees resulting from the approval of subdivisions, site plans, planned unit developments and other development and to authorize the Town to hold and carry forward such funds from year to year to accomplish the purpose for which the funds were obtained and to require that expenditures and retainages of such funds be reported to the Town annually in the Town Report.”

VOTE IN THE AFFIRMATIVE ON ARTICLE 55

**ARTICLE 56:** It was moved and seconded, “To see if the Town will vote to accept the provisions of RSA 31:105 to indemnify and save harmless from loss or damage any person employed by the town and any member or officer of its governing board, administrative staff or agencies from personal financial loss and expenses including reasonable legal fees and costs, if any arising out of any claim, demand, suit, or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property if the indemnified person at the time of the accident resulting in the injury, damage, or destruction was acting in the scope of his employment or office.”

The Moderator recognized Virginia Cooper who made a motion which was seconded to move the question. Moderator Cleveland reminded those present this motion would have to pass by a two-thirds majority.

VOTE IN THE AFFIRMATIVE ON THE MOTION TO MOVE QUESTION  
VOTE IN THE AFFIRMATIVE ON ARTICLE 56

**ARTICLE 57:** It was moved and seconded, “To see if the Town will vote to direct the Board of Selectmen to provide for the **property** assignment of street numbers within the Town.”

The Moderator recognized James Moreland who made a motion which was seconded to amend Article 57 to read as follows: “To see if the Town will vote to direct the Board of Selectmen to provide for the Proper assignment of street house numbers within the Town.” This corrects the word “property” to read “proper.”

The request to move the question was made and seconded. The motion, of course, had to pass by a two-thirds majority of those present.

VOTE IN THE AFFIRMATIVE ON THE MOTION TO MOVE QUESTION  
VOTE IN THE AFFIRMATIVE ON THE AMENDMENT  
VOTE IN THE AFFIRMATIVE ON AMENDED ARTICLE 57

**ARTICLE 58:** It was moved and seconded, “To see if the Town will vote to adopt the following ordinance:

- I. Upon any way no person shall stop, park or leave standing any vehicle, whether attended or unattended, upon the paved or main-travelled part of the way when it is practicable to stop, park or so leave such vehicle off such part of said way, but in every event an unobstructed width of the way opposite a standing vehicle shall be left for the free passage of other vehicles and clear view of such stopped vehicles shall be available from a distance of 200 feet in each direction upon such way.

- II. This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-travelled portion of a way in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position.

Violation of this ordinance shall be punished by a fine as prescribed by RSA 31:39 for each offense."

VOTE IN THE NEGATIVE ON ARTICLE 58

The meeting was adjourned at 10:25 p.m.

# THE STATE OF NEW HAMPSHIRE

## NEW LONDON, N.H.

### TOWN WARRANT

To the inhabitants of the Town of New London in the County of Merrimack, in said State, qualified to vote in Town affairs:

(L.S.)

You are hereby notified to meet at the Whipple Memorial Hall in said New London on Tuesday, the fourteenth day of March next at 10:00 o'clock to act upon the following subjects:

- ARTICLE 1: A. To choose all necessary Town Officers for the ensuing year.
- B. To vote by ballot on amendments to the New London Zoning Ordinance.
- C. To vote by ballot on the following question, "Shall we adopt the provisions of RSA 654:34a permitting applications for changes in party affiliations to be made with the Town Clerk?"
- D. To vote by ballot on the following question, "Shall we permit the public library to retain all money it receives from its income-generated equipment to be used for general repairs and upgrading and for the purchase of books, supplies, and income-generating equipment?"

Note: By law, the meeting must open before the voting starts. Therefore, the meeting and polls will open at 10:00 o'clock for the consideration of Article 1, parts A, B, C, and D.

At 12:00 noon the Meeting will recess but the polls will remain open until 7:00 p.m. The meeting will reconvene at the Kearsarge Middle School Gymnasium on Wednesday, March 15, 1989 at 7:00 p.m., to act upon Articles 2 through 41.

ARTICLE 2: "To see if the Town will vote to authorize the issuance of serial bonds or notes to fund the appropriations authorized under Articles 3, 4, 5, and 6 of this Warrant and to that end will authorize the raising and appropriation of a sum not to exceed \$2,441,800.00, such sum to be raised by the issuance of serial bonds or notes not to exceed \$2,441,800.00 for a period not to exceed 15 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1, etc., as amended); and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Board of Selectmen to apply for, accept, and expend any federal, state or other available funds towards the project, according to the terms under which they are received, and to borrow in anticipation of the receipt of such aid or the issuance of such bonds or notes, by the issuance of notes or bonds in anticipation of such bonds, notes or aid as provided by the Municipal Finance Act, as amended; provided that

or aid as provided by the Municipal Finance Act, as amended; provided that any interest received or available may likewise be applied to the project to the maximum extent permitted by law; and further notwithstanding that the bonds or notes shall be a general obligation of the Town, the Board of Sewer Commissioners are hereby directed to establish betterment assessment sufficient to pay 95% of the principal and interest due with respect to the bonds or notes issued hereunder against those served or receiving a special benefit from the lines to be constructed hereunder; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London."

ARTICLE 3: "To see if the Town will vote to suspend the reading of the individual articles of the Warrant and to refer to them by number."

ARTICLE 4: "To see if the Town will vote to raise and appropriate the sum of \$1,357,400.00 and to authorize the Board of Sewer Commissioners to expend said sum for the purpose of constructing sewer line in the Elkins Village area of New London, such sum to include the purchase of land and easements; the Board of Sewer Commissioners are hereby directed to establish betterment assessments sufficient to pay 95% of all costs due to the construction of such line and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all actions as may be necessary to carry out the project in the best interests of the Town of New London."

ARTICLE 5: "To see if the Town will vote to raise and appropriate the sum of \$922,500.00 and to authorize the Board of Sewer Commissioners to expend said sum for the purpose of constructing sanitary sewer lines in the Birch and Seamans Acres area of New London, said sum to include the purchase of land and easements, the Board of Sewer Commissioners are hereby directed to establish betterment assessments sufficient to pay 95% of all costs due to the construction of such line, and to authorize the Board of Selectmen and Board of Sewer Commissioners to take all actions as may be necessary to carry out the project in the best interests of the Town of New London."

ARTICLE 6: "To see if the Town will vote to raise and appropriate the sum of \$80,300.00, and to authorize the Board of Sewer Commissioners to expend said sum for the purpose of constructing sanitary sewer lines in the area of County Road from Newport Road to Lakeside Road, such sum to include the purchase of land and easements, the Board of Sewer Commissioners are hereby directed to establish betterment assessments sufficient to pay 95% of all costs due to the construction of such line, and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all actions as may be necessary to carry out the project in the best interests of the Town of New London."

ARTICLE 7: "To see if the Town will vote to raise and appropriate the sum of \$81,600.00 and to authorize the Board of Sewer Commissioners to expend

said sum for the purpose of constructing sanitary sewer lines in the Goosehole Road area of New London, such sum to include the purchase of land and easements, the Board of Sewer Commissioners are hereby directed to establish betterment assessments sufficient to pay 95% of all costs due to the construction of such line, and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all actions as may be necessary to carry out the project in the best interest of the Town of New London.”

	\$283,221	\$268,971

(61¢ per thousand)

ARTICLE 33: "To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to pay for interest on temporary loans during the year."  
(02¢ per thousand)

ARTICLE 34: "To see if the Town will vote to raise and appropriate the sum of \$254,985.00 for sewer maintenance."

ARTICLE 35: "To see if the Town will vote to raise and appropriate the sum of \$50,000.00 for repairs to Pleasant Lake Dam."

(11¢ per thousand)

ARTICLE 36: "To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend Federal and State Grants which may become available during the course of the year, and also, to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money provided:

1. that such grants and other monies do not require the expenditure of other Town Funds,
2. that a Public Hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and money,
3. that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95b."

ARTICLE 37: "To see if the Town will vote to authorize the Board of Selectmen and the Town Treasurer to incur debts from time to time during the 1989 fiscal year to an aggregate amount not exceeding the 1988 tax levy, for temporary loans in anticipation of 1989 taxes, and to issue notes of the town therefore, and to refund same, all as provided in the Municipal Finance Act; the Selectmen and Treasurer to be authorized to sell such notes."

ARTICLE 38: "To see if the Town will vote to authorize the prepayment of property taxes and to authorize the Tax Collector to accept such prepayments as provided by RSA 80:52a."

ARTICLE 39: "To see if the town will vote to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town of New London by the Collector's Deed, by public auction or advertised sealed bid or in such manner as determined by the Board of Selectmen as justice may require, in accordance with RSA 80:42."

ARTICLE 40: "To see if the Town will vote to authorize and direct the Board of Selectmen to sell by public advertised sealed bids all academy lots owned by the Town under such terms and conditions as will serve the best interests of the Town of New London."

ARTICLE 41: "To see if the Town will vote to rescind its action under Article 36 of the 1981 Annual Town Meeting by repealing the Ordinance enacted that requires the construction of driveways onto a public right-of-way to be under the supervision of the Town Highway Superintendent, said authority now being vested by Statute under the Planning Board."

Given under our hands and seal this fourteenth day of February, in the year of our Lord nineteen hundred and eighty-nine.

## AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen  
Town of New London  
New London, New Hampshire

We have examined the general purpose financial statements of the Town of New London as of and for the year ended December 31, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of New London at December 31, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of New London. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Carri Plodzick Sanderson

## REPORT OF THE NEW LONDON DISPATCH CENTER

The dispatch center has experienced some changes in the past year. Recently we started dispatching for Sunapee Fire Department, and we also have radio communications with both the water and sewer departments in New London.

The dispatchers are now answering 11 phone lines, and working with 7 radio frequencies. The phone and radio activity can keep the dispatchers very busy. We have a fine group of dispatchers who are conscientious and dedicated to doing their job well.

Below are the activities of the dispatch center for 1988.

	<b>1987</b>	<b>1988</b>
Total Telephone Calls Received	32,381	32,378
Burning Permits Issued	368	254
Ambulance Calls	291	363
Fire Calls	62	72
Aids To The Public		375
Assists To Other Departments		466
Animals — Lost or Stray		56

Your cooperation and support are greatly appreciated.

Respectfully submitted,

RALPH MARSHALL

*Chief of Police*

DEBORAH K. WHEELER

*Chief Dispatcher*

## INFORMATION BOOTH REPORT IN COOPERATION WITH THE NEW LONDON CHAMBER OF COMMERCE

The attendants for this past summer were Donald Bent, Nancy Bent and Macy Doherty.

The information booth is open daily from June 25 through Labor Day, plus three weekends post-season for a total of 78 days. The hours are 10 am to 4:30 p.m. and 24 hours a day via telephone which rings at both the Bent's home (answering machine) and the information booth.

There were 2,539 visits/inquiries at the information booth and there were 1,549 mail and/or telephone inquiries for a total of 4,088. These inquiries represented 42 states, 6 provinces, and 23 foreign countries.

Respectfully submitted,

LAURA MATHEWSON

*President 1988*

Chamber of Commerce

## THE AUSBON SARGENT LAND PRESERVATION TRUST

Beginning as early as 1968, the New London Master Plan identified open space land as one of our Town's most significant assets and stated that every effort should be made to retain this resource. Over the years, each subsequent Master Plan reiterates the importance of protecting open space land, which is an integral part of our "New England village" atmosphere.

In 1987, recognizing the impact of escalating property values on the Town's goals for land preservation, the New London Conservation Commission asked for an increase in their annual appropriation. The request was not granted. However, the Selectmen felt that the subject of land preservation warranted a special study. After careful examination, the group concluded that a private non-profit land trust was the appropriate vehicle to assist the Conservation Commission. Thus, the formation of The Ausbon Sargent Land Preservation Trust (ASLPT).

The efforts of the ASLPT have been directed at preserving properties that are cited as priorities in the Master Plan. Through the generosity of Rachel and Murray Sargent and Eunice Bohanon we have successfully protected 40 acres of open land this year. We are now working with more than six major landowners in order to protect several hundred acres of land.

By preserving our open space, we are insuring that there is a balance between both natural and man-made land uses. With the support of the townspeople, we can retain New London's rural character and scenic views.

Respectfully submitted,

HARRY W. BLUNT

*Chairman*

The Ausbon Sargent Land  
Preservation  
Trust

## HEALTH OFFICER'S REPORT

From records of your Health Officer's activities in 1988, it would appear that housing development activities in New London have peaked and declined over the last year. In 1988 a total of 27 house lots were visited for observation and recording of test pit soil descriptions in preparation for new septic system designs. Of this number 19 designs were submitted for approval. This compares to 36 house lots in 1987 and 61 in 1986. A total of 114 test pits were observed in 1988, 226 in 1987 and 181 in 1986. Subdivisions visited in 1988 numbered 8 as compared to 12 in 1987 and 10 in 1986. Additionally, 1988 saw 14 sites visited for rebuilding or replacement of failed systems which compares to 8 sites in 1987. It is anticipated that replacement of failed systems will continue to increase somewhat over the next several years.

Please be reminded that, although permitted by state statutes, the Town of New London requires approval by the health officer before rebuilding/replacement of any septic system. A requirement for such approval is a state-approved system substantiated by state approved designs for the original system.

As reported in previous years, your health officer continues to be called upon to inspect child care facilities and foster homes; test public swimming areas' water quality; investigate water pollution, sanitation, septic system and other environmental health problems; answer inquiries from residents on drinking water, septic system, radon and other related subjects.

The town's major environmental health problems continue to be the same as in the last several years:

1. Continued degradation of lake water quality from acid precipitation.
2. Radon in the air and well water serving homes in the area.
3. A public water supply utilizing surface water treated only by chlorination. This leaves the drinking water subject to infection with *Giardia lamblia* (which causes giardiasis) as the cysts of this organism are not killed by normal levels of water chlorination. Additionally, the public water supply contains high levels of tannins which chemically combine with the chlorine to form higher than desirable levels of chlorinated hydrocarbons, especially chloroform (tri-chloro methane) which is carcinogenic. It should be pointed out that the level of chloroform is within the limits set by Safe Drinking Water Act standards for the size of the population served. However, the water quality would be unacceptable for a larger community where the total risk would be larger only because more people would be affected. In either case the risk to the individual drinking the water is the same and is a health risk which should be remedied. Developing a suitable ground water source or installing a complete treatment system for the present surface water source are the two best solutions for these problems.

Respectfully submitted,  
DONALD F. BENT, PH.D.  
*Health Officer*

## NEW LONDON CONSERVATION COMMISSION ANNUAL REPORT

Much has been done this past year. We were able to complete our room downstairs in the Town Hall addition. Our members have emptied their houses of cartons of material so now we have to get organized.

In the spring we were able to place a small display cabinet for nature exhibits in the entryway between the Town Hall and the new addition. The cabinet is in memory of Milt Butterworth — a former dedicated member of the Commission.

Mid-year, the Ausbon Sargent Land Preservation Trust became an active ally. It has become a source of information and guidance to residents who are considering property easements or gifts. It handled 20 acres of property along County Road adjacent to Messer Pond which were given to the Town by the Bob Bells, Molly MacNaughton, and Bob Scott. The Trust is currently working with the New Hampshire Land Conservation Investment Program (LCIP) in soliciting support of projects in New London.

The NLCC is like most organizations, groups, or committees. It started with a few dedicated enthusiasts and one took over the guidance of the group. She made decisions as to the direction the Commission would move. She in her subdued but firm manner accomplished much. She educated us constantly because we have poor retention powers. She likes and continues to be active; however, she, Esther Currier, has decided to reduce her level of activity. She is leaving the Conservation Commission in name only because she is “caretaker” of the Philbrick-Cricenti Bog and Low Plain. These areas will continue to get her attention — keeping the place picked up and clean, posting notices of nature’s newest arrivals, replacing markers that always appeal to souvenir keepers. Esther cannot be inactive and for that we are most appreciative. She will continue to give us advice and we will welcome it because her past performance has brought us this far.

We still meet at the Town Hall on the 3rd Thursday of each month. You are welcome to join us.

Respectfully submitted,  
VH ADAMS

## UPPER VALLEY-LAKE SUNAPEE COUNCIL

The Upper Valley-Lake Sunpae Council is a public, nonprofit voluntary association of towns and cities. It consists of 31 communities in 2 states and 5 counties.

The Council operates through a Board of Directors and a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two or three representatives to participate on the Board of Directors. The Board elects officers, adopts an annual work program and budget, and develops policies and positions on issues that are important to our communities.

The Upper Valley-Lake Sunapee Council is the official organization that brings towns and cities within our region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of expertise include land use planning, transportation planning, solid waste planning, master planning, environmental planning, capital budgeting, historic preservation, economic and community development, housing, downtown revitalization, fiscal and environmental impact analysis, and site plan review. Communities may also obtain the services of a professional planner on a regular basis through a "circuit rider" program. The Council also serves as a collective voice in dealings with state and federal governments, protecting and furthering the interests of our communities.

Your support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the Council:

- Finalized and adopted an updated Regional Plan.
- Maintained a regional data base, and answered numerous requests for information.
- Continued full-time efforts to coordinate solid waste issues in the region.
- Continued efforts to coordinate recycling programs among a number of towns.
- Continued to sponsor the Upper Valley Household Hazardous Waste Collection program.
- Concluded a pilot study utilizing computerized mapping on a geographic information system (GIS), developing an overlay system for site analysis.
- Participated in configuring and acquiring computerized mapping systems for use throughout New Hampshire.
- Continued historic preservation efforts in several towns.
- Completed a number of Water Quality Management Plans for inclusion in town Master Plans under NH Chapter 167.
- Participated in ongoing discussions and forums regarding implementation of Act 200, the new comprehensive planning legislation, in Vermont.
- Participated in the Vermont Act 250 environmental review process.

- Continued to provide support for an economic development agent in Sullivan County, to help retain and expand employment opportunities in the area.
- Distributed summaries of new and amended legislation.
- Sponsored local sessions of the NH Municipal Law Lecture series.
- Sponsored local sessions of the VT Planning training series.
- Completed the Upper Valley Transportation Study. This involved coordinating local municipalities, state agencies, and private consultants.
- Used the computer model developed during the Upper Valley Transportation Study to assess the traffic impacts of several large proposed development projects.
- Provided technical assistance to Advance Transit and County Coach.
- Helped several communities and Sullivan County administer state and federal grant funds for Community Development Block Grants. These grants are bringing over \$1.1 million into the region. Only 3 of the 9 regional planning agencies in New Hampshire provide this service.
- Worked closely with the Upper Valley Community Land Trust, Society for the Protection of New Hampshire Forests, the Trust for New Hampshire Lands, and the Connecticut River Watershed Council to protect open space and conserve important parcels of land.
- Helped to establish, administer, and support the Connecticut River Valley Resource Commission. This new commission allows New Hampshire towns in the Connecticut River Valley to join together in addressing issues such as growth, development, and preservation of the natural environment.
- Met repeatedly with state officials and agency representatives to influence policy and help keep the region an active participant in many ongoing programs.
- Provided consultation and help to over two-thirds of the local communities.

The Council also provides specific services to communities on a contract basis. As requested by the communities, the Council conducted impact studies regarding proposed development, amendments/updates to local ordinances and regulations, new ordinances, capital improvements programs, and general mapping, drafting, and other technical assistance.

The Upper Valley-Lake Sunapee Council looks forward to serving your community during the coming year. Please feel free to contact us whenever we can be of assistance.

## NEW LONDON PLANNING BOARD

The year of 1988 has again been a busy one for the New London Planning Board. In addition to our 23 regular business meetings, the Board held 10 public hearings and had 16 work sessions. We also met in executive session with Town council twice.

During regular meetings 8 annexation proposals were heard and 4 have been approved. There were 6 applications for home businesses of which 5 have been approved. The Board has received 12 applications for major subdivisions, the total acreage involved is approximately 575 acres and 118 lots depending on high intensity soil survey results; 5 of these applications have met the criteria of the town and been approved, they involve 50 of the lots and approximately 260 acres. The other 7 applications are being worked on by the Board and applicants.

The Board also received 6 applications for minor subdivisions and has approved 4 of these. Twelve site plans (2 residential, 9 commercial, 1 commercial/residential mix) have been received by the Board in 1988. Once again 5 of these have met the criteria set out by the town of New London's regulations and have been approved. The rest are being worked on by the Board and applicant.

Last spring a contract was signed by The Upper Valley-Lake Sunapee Council for Long Range Planning services. The plan included (1) Future Land Use, transportation and utility service area planning, (2) Land owner interest survey, (3) Traffic and Parking survey, (4) Forecasting anticipated space requirements, (5) an evaluation of alternate future development patterns, (6) a future Land Use Plan. Based on these reports are (1) new zoning amendments and (2) planned unit development and cluster development ordinances. The Council has also worked on a parking supply plan, updating the Capitol improvements program and a Water Resource Management and prediction plan. These future plans and policies have been reviewed by the Board and presented to the town at several Public Hearings during the late fall and winter.

As we struggle to keep abreast of current and future planning, Board members went to several conferences this year. One in particular held by the Montshire Museum presented a protection of open space concept based on clustering which I feel sure the Town will want to hear more about in the future.

I would like to thank the Upper Valley, Ken McWilliams and the Board members for all their hard work on the Board this year and Carol Fraley, our wonderful secretary.

SUE S. CLOUGH

*Chairman*

New London Planning Board

## REPORT OF THE NEW LONDON FIRE DEPARTMENT

First, we would like to thank all of you for your generosity and support during our fund-raising efforts this past year. Once again we have surpassed all previous records, and have received many kind notes of encouragement in the process.

1988 has been a year filled with challenge, growth, and success for the New London Fire Department. We enter 1989 with nearly 40 members, apparatus that has been newly refurbished and aggressively maintained, tremendous interest and participation by the membership, and a plan for the future.

Total fire calls saw nearly a 30% decrease in 1988. This can be attributed to a number of different variables, including a heating season that was not especially severe, fossil fuel prices remaining fairly low (minimizing the use of alternative heat sources), and a continuing decline in the amount of lower income and poorer quality housing in the area. In addition, there has been a 40% decrease in the number of false alarms, as a result of promptly pursuing repair of problem alarm systems.

The 1989 fire season seems to be starting out with somewhat more activity than last year, but we remain optimistic.

We have acquired several copies of a fire safety video that we encourage everyone to view. It is without doubt the most realistic presentation of what an actual fire situation is like that we have ever seen. In fact, it is now required viewing for new members of the fire department, as well as new employees at the New London Hospital. The tape is available for loan free of charge at New London Video. It just might save your life!

In closing, we remind you to be careful when using wood stoves, fireplaces, or any other alternative heat source, and avoid the use of unvented space heaters. Have a safe 1989.

Respectfully submitted,  
PETER S. STANLEY  
*Fire Chief*

## REPORT OF DISTRICT FOREST RANGER AND FOREST FIRE WARDEN

For the past several years New London has been issuing Burning Permits via the New London Central Dispatch. This program began amidst concern and doubt as to its success, but has proven to provide both improved service to the public, and at least the same level of protection.

Every year, however, questions arise as to policy under certain circumstances. I would like to try to clarify what the policies are:

1. Burning Permits are required under all circumstances except when the ground is fully covered by snow.

2. Permits allow people to burn in "New London" between the hours of 5:00 pm to Midnight for the given day.

3. Burning Permits may be obtained earlier in the day if we are experiencing steady rain. If the rain stops before 5:00 pm, however, fires must be extinguished. In either case the permit is still required.

4. Permits will not be issued until after 4:00 pm so that the forest fire warden can more accurately assess the burning conditions for that particular day.

5. Permits are not required when the ground is **fully** covered with snow (not a patch of snow in your neighbor's yard, but your yard fully covered by snow), but a phone call to dispatch may prevent a false alarm.

6. All exceptions to the above rules must be approved by the forest fire warden or his designate.

I would like to add that it has been several years since New London has had a forest fire of any magnitude and the rules are evenly enforced for everyone's protection.

Respectfully submitted,

BRYAN C. NOWELL

*District Forest Ranger*

PETER S. STANLEY

*Forest Fire Warden*

## REPORT OF THE ROAD AGENT FOR 1988

### **Re-paving Burpee Hill Road**

To the Honorable members of the Board of Selectmen and the Citizens of the Town of New London

The year 1988 represents a period of continued accomplishments for the various divisions of the Highway Department who provide the public works services required by the Town. While not all the projects that the divisions wished to accomplish were completed, substantial progress has been made towards updating and maintaining our infrastructures.

On a note of sadness, I must report that one of our employees, Roger Remington, passed away on October 30, 1988. Roger was a loyal employee of the Town for 20 years and served her citizens in good weather and bad for more than 50,000 hours. Roger will be missed by all.

### **Cemetery Division**

This division continued the ongoing daily maintenance of the Elkins, Old Main Street and West Part Cemeteries. The new lawn mowing equipment authorized was purchased in the spring and resulted in more reliable service during the year.

This Division is also responsible for the mowing and maintenance of the Commons, beaches and park lands owned by the Town. Leaf pickup was accomplished in a week's time with the aid of our new leaf blowing equipment saving at least 2 weeks of hand labor. The Division placed flags on Veterans graves and continued gravestone repair during the year.

## Recycling and Disposal Division

This Division has seen remarkable changes in the past two years. The Emergency Transfer Facility was closed on June 6, 1988, and the Transfer Haul and Recycling Facility opened on June 7, 1988.

Recycling operations have continued to expand since our facility opened. The Division has expanded from accepting newspaper and cardboard in June to add magazines, junk mail, plastics, aluminum cans, foil and thin trays, household batteries, and began accepting glass on December 13, 1988. The Town's glass crusher arrived in early December making it possible to recycle glass containers without separating by colors.

Recycling operations have increased 500% in six months with our annual totals increasing from 100 to 500 tons. In the first six months of partial operation the Town has saved \$10,000 in tipping fees at the Claremont Incinerator. We would ask that all of our Citizens recycle all of the items we collect.

Additional items will be added during the year to our list of recyclables. Your continued support of our efforts is most gratefully accepted.

## Highway Division

The Division completed all of the normal spring cleanup including completing roadside mowing on all streets within the Town. Much time and effort was devoted to completing the Road and ground work at the Transfer Station.

The Department completed a regravelling and reconstruction of all the 4,057 feet of Whitney Brook Road, 2,655 feet of Laurel Lane was regraveled. In the area of paving, The Division paved the remaining 493 feet of Lakeside Road and 5,054 feet of Burpee Hill Road. The Department also completed work, and paved the new sidewalk on Lakeside Road with the aid of the Kearsarge Telephone Company, the Main Street sidewalk from Pleasant to the Fire Station.

Various drains and culverts were rebuilt during the year and the drainage on the east side of Burpee Hill Road was reditched. A great number of other tasks were carried out during the year throughout the Town.

Thank you to our Citizens for their help and assistance, to our elected and appointed officials and their able staffs and to the employees of the Department for those many hours of work for the benefit of all.

Respectfully submitted,  
FREDERICK WELCH  
*Road Agent*

## REPORT OF THE NEW LONDON GARDEN CLUB

“In 1928 Dr. Anna Littlefield founded the New London Garden Club with the following purposes in mind; to encourage and aid in all civic beautification; to protect and perpetuate plants and birds; to promote and encourage a knowledge and love of gardening and horticulture; and to stimulate an interest in all people to work with and for nature.”

Below follows an outline of the many ways in which the club works towards those purposes.

The Civic Beautification Committee has planted and/or maintained plantings at the following locations:

Tracy Memorial Library

Colby-Sawyer College: President's House walk and Colby-Sawyer College sign  
Fire Station

Homan's Corner

Town Hall monument

New London Post Office — indoors and out

Elkins Post Office — exterior only (see below)

Kearsarge Regional Elementary School — a new planting of shrubs, perennials and bulbs, with generous donations from local nurseries

Town Hall — a new planting around sign. Barrels planted by Brownie Troop #173 with plants they grew from seed (see below).

Information Booth — a new garden of perennials and bulbs added to existing plantings of annuals; shrubs pruned by professional arborist.

Town Parking Area — perennials and bulbs added to permanent shrub plantings.

Elkins Beach — unfortunately, vandalized

Bucklin Beach — Shrubs pruned by professional arborist; barrels planted by Brownie Troop #173 with plants they grew from seed.

Old Main Street Triangle — a new planting of annuals, thanks to the generosity of many neighbors.

New London Hospital — Provide and maintain plants in lobbies; care for flowers and plants in patients' rooms.

Extended Care Unit — care for all plants in public areas and in residents' rooms; provide centerpieces in the dining room 365 days a year. A new cutting garden was planted behind the hospital to provide flowers during the warm months, supplementing those that are so generously donated. Eleven dish gardens were donated by the club for use when flowers are not available.

Plans for 1989 include major landscaping the Town Hall and at the Elkins Post Office; new plantings at the Transfer Station, and at Crocketts Corner. We receive no funding from the Town, but are most appreciative of their help with trucks, backhoes — and strong men!

This committee also sponsors the Civic Beautification Contest, an event which is growing in entrants yearly and which has encouraged an extraordinary interest in gardening — especially evident along Main Street.

In December, the club held their annual workshop to make more than 30 wreaths for the Town buildings and churches, as well as Christmas arrangements for the shut-ins and each room at Clough Extended Care.

Programs are held throughout the year that are designed to instruct and inform members about conservation, gardening, landscaping and flower arranging. Some of the meetings are open to the Public. Members have won awards in both State and out-of-State flower shows. The Club has also received first award for "The Year Book," "Scrapbook," and "The Pressbook."

In July we held our annual "Antique Show and Sale," our sole income-producer. The proceeds enable us to continue not only our civic works, but provide scholarships to two deserving students in the Department of Plant Sciences and the two-year program in applied sciences at the University of New Hampshire, through our Geneieve Teachout Madden Scholarship Fund.

With the hope of making gardening and horticultural information available to all, the club has donated a subscription to Horticulture magazine to the Tracy Memorial Library, as well as a subscription the Royal Horticulture Society Digest, and a complete set of the Time Life Encyclopedia of Gardening, 1989 edition.

There are 110 hard-working members in the club. We are a member of the Monadnock District, New England Region, New Hampshire Federation of Garden Clubs, Inc., and the National Council of State Gardens Clubs, Inc.

Respectfully submitted,

LAURA MATHEWSON

*President 1988*

## HISTORY AND ARCHIVES REPORT

The year 1988 has seen more gathering and arranging of materials in the Town Archives. Newspaper clippings of town related news for 1988 were photocopied and filed. Old records of some town departments and various maps have also been placed in the Archives.

A subcommittee, chaired by Walton Chadwick, has been working on the placement of a monument to honor New London World War II Veterans. There will be a space for a plaque honoring Korean and Vietnam Veterans from New London. A foundation is to be poured in an appropriate position between the existing monument in front of the Town Hall and Seamans Road and the granite stone will be mounted on it.

A 3M Scotchtint film was installed over the glass of the two flag cases in the town hall. The old flags are in very bad condition. After consulting with the Textile Conservation Center in North Andover, Massachusetts, it was decided the flags should not be removed for repair. This film will prevent further disintegration due to ultra violet rays.

Richard Chatellier's collection of books on antiques was left to the New London Historical Society. These books are in the Archives (a few are on loan to the Tracy Memorial Library) and anyone interested in them is invited to come to the Archives.

The Oral History project, under the direction of Mrs. Barbara Stearns, is well organized. A cassette copier has recently been purchased. Anyone wishing to help to interview people or to transcribe tapes are asked to be in touch with Mrs. Stearns.

A few more New Hampshire town histories have been added to the Archives collection. Also there are excellent genealogical "how to" books and resource books. Those people interested in genealogy should look into these items which are available for use in the Archives. The sale of the New London History, **Mirror to America 1900-1950**, books has been slow during the year. They are available either at the Town Clerk's office or from the Archives.

Gravestones in two sections of the Elkins Cemetery have been copied and photographed. This project will be continued as soon as appropriate weather returns.

During the year two displays of church memorabilia were set up in the Parish House for the celebration of the Bicentennial of the First Baptist Church.

More people are finding their way to the Archives with contributions of New London's past and to make inquiries for various information (including how to set up an Archives). There also have been numerous queries via mail and telephone.

There are many more early records of organizations which should be in the Archives for safe keeping. If you know of any, please see what you can do to get them into the Archives. It will be appreciated by future generations. Too many things of value and interest are tossed, unknowingly, into the trash and lost forever. Remember, yesterday's news is today's history and today's news is tomorrow's history. Help us preserve that history by thinking of YOUR town archives. Items may be left in the town office or contact me. I am a phone call away and usually in the Archives on Wednesday mornings.

MARGARET MORELAND

*Town Archivist*

## NEW LONDON RECREATION COMMISSION

The Recreation Commission oversees the operations of New London's two public beaches and their summer waterfront programs. Both Elkins Beach on Pleasant Lake and Bucklin Beach on Little Lake Sunapee were open for weekends commencing Memorial Day weekend through early June (until school closed). A full program was maintained during July and August, including one 4-week (4-days per week — Monday through Thursday) swimming instruction session for a variety of age/ability groups. Special activities were provided each Friday during the swimming season.

### **Special Acknowledgements:**

The Recreation Commission wishes to acknowledge the contributions of Read Clarke for his devoted years of service to the town via the commission, to Bill Granger for his yearly assistance in setting up the rafts and bouys at both beaches, and to the Friends of Recreation for their contributions and generous support.

**1989** — The Recreation Commission plans to create an enclosed playground at Bucklin Beach as well as a shaded sitting area. Expanded lesson programs are anticipated, as well as a continuation of special activities. The Recreation Commission always welcomes your input and suggestions so that we may better meet the needs of our community.

Respectfully submitted,

BRUCE PARSONS

## 1988 SEWER COMMISSION REPORT

Following the town vote to study the costs attached to sewer extension to the areas of Goosehole Road, County Road, Birch and Seamans Acres, and the Village of Elkins, the Commission has put out to construction bid all of the above areas. You will find the results in the warrant and are asked to make your decision whether or not to proceed.

The State of New Hampshire has instructed the Town of Sunapee to make a major change in the sewer treatment plant that we jointly use. The best current estimate of the cost of these changes falls in the vicinity of \$60,000, to be apportioned between the two towns.

The past year has seen three reed beds planted at the Sunapee treatment plant and it is hoped that in the coming year, these beds will enable us to reduce the costs of water removal from sludge. The year has also seen many manholes repaired in our own collection system, and a continuing effort to eliminate the introduction of all fluids other than sewage into our lines.

Both our full-time employees, John Bickford and Robert Hansen, have attended schools operated by the State of New Hampshire and both have achieved extremely high marks in their examinations, and we are grateful for their efforts.

Respectfully submitted,

THOMAS R. MILLER  
ARTHUR J. DORLEY, JR.  
ANN S. BEARDSLEY  
*Sewer Commissioners*

## 1988 REPORT OF THE TOWN OF NEW LONDON BANDSTAND COMMITTEE

**Architect's rendering of the proposed  
Mary D. Haddad Memorial Bandstand  
to be built on Sargent Common, New London.**

1988 was a busy year for the Town of New London Bandstand Committee. The Committee worked closely with the New London architectural firm of Sheerr and McCrystal in planning and developing a design that would be unique to the Town and also serve the many demands expected to be placed on the structure. The final design adopted by the Committee incorporates some of the elements of the original bandstand that formerly stood on the Common.

At last year's Town Meeting it was unanimously voted to accept the gift of the proposed bandstand, paving the way to legally complete the planning process. Permission to erect a bandstand on Sargent Common was secured from Colby-Sawyer College, as required by the bequest of the late Ausbon Sargent and a site agreeable to this gentle, life-long New London resident was selected. The Committee's only regret is that he did not survive to see the project to fruition.

After a bidding process, a contractor was selected and materials specified. Much work is already in progress, as major elements of the structure are being built off-site. The foundation will be in place this spring as weather permits. Completion is scheduled for late June 1989 with a dedication scheduled for the summer. The structure will be in the memory of Mary D. Haddad, in accordance with Mr. Sargent's wishes.

Many will recall that this project began some three years ago with the presentation of "The Inn Thing," an original revue, at the Town Hall. To date approximately half of the anticipated \$40,000 construction costs has been raised through donations from over 1,000 individuals and a grant from the New London Service

Organization. All monies raised thus far have been placed in interest bearing bank accounts. It should be noted that this is a private endeavor and that no tax funds will be used to finance construction costs. Donations to this project are tax deductible to the full extent allowed by law.

Your Committee looks forward to another busy year of fund-raising and construction. I especially wish to thank Deidre McCrystal-Sheerr and Peter White, without whose selfless guidance a satisfactory and pleasing design would not have been possible, and Committee member James Moreland for his assistance in guiding this project through the various Town Boards and the delicate bidding process.

Respectfully submitted,

STEVE MENDELSON

*Chair*

**LAKE SUNAPEE HOME HEALTH CARE, INC.**  
 (Formerly Kearsarge VNA and Newport Area Home Health)  
 "When it comes to health care, there's no place like home."

Lake Sunapee Home Health Care, Inc. (LSHHC), a non-profit, Medicare-certified, state-licensed home health provider serving 17 towns in Merrimack and Sullivan counties, completed its first full year as a merged agency. In 1988 our nursing, aide and therapy staff traveled over 90,000 miles to make almost 10,000 home visits throughout the 1,600 square mile area we serve.

In addition to in-home visits, LSHHC enhanced our support for family care at home through the development of respite care and private duty RN services. Homemaker/Home Health Aide Training, Red Cross Training and CPR were offered to staff through the support of town funds and business contributions. The Parent Child Program continued operating in New London and began in Newport using monies from the church communities.

Services provided to residents of New London in 1988 were:

<b>Home Care Program</b>	<b># of Visits</b>
Nursing	828
Therapy	294
Homemaker/Home Health Aide	1,552
Social Service	22
<b>Health Promotion Programs</b>	<b># of Client Contacts</b>
Adult Health:	
Blood Pressure	23
Foot Care	67
Flu Immunizations	30
Hearing Screening	2
Maternal and Child Health	
Child Health Clinics	12
Parent Child Program	
Dental Health Clinics	4
<b>Long Term Care Program</b>	<b>(hours of in-home care)</b>
Nursing	1,717
Aide	8,705
Companion	3,814
Respite	665

Thank you for your continued support and confidence in our organization.

Charen Urban, MA  
 Executive Director

Tanya Wilkie, BSN  
 Executive Director

Your Town Representative(s) on the LSHHC Board of Trustees is (are):  
                     Nancy Doolittle                      Edward Olney  
                     Page Road                              Job Seamans Acres

## NEW LONDON CEMETERY COMMISSION

During the year 1988, there was a total of 28 interments in our 3 cemeteries: 12 in Old Main St.; 11 in Elkins; and 5 in West Part. Of this total, 11 were cremations.

It is expected that the necessary new roadways in the New Annex of Old Main St. Cemetery will be completed in 1989.

### Income

On Hand as of January 1, 1988	\$ 282.95
Sale of Cemetery Plots	<u>5,000.00*</u>
Total	\$5,282.95

### Expense

Trustees of Trust Funds	\$3,000.00
Town of New London	2,000.00
Misc. (N.H. Cem. Assn. Dues)	<u>30.00</u>
Total	\$5,030.00
On Hand as of December 31, 1988	\$ 252.95

\*It is to be noted that income from additional lot sales amounting to \$2,700.00 since Sept. 1988 was deposited in Town Accounts. The Cemetery Commission Account will henceforth be maintained for incidental expenses only.

Respectfully submitted,  
WALTON W. CHADWICK, SR.  
MARION CHADWICK-HAFNER  
FREDERICK W. PHILLIPS  
*Cemetery Commissioners*

## EMERGENCY MANAGEMENT

This year after an inspection of the Town Hall, it was discovered that there were not adequate fire extinguishers for the building. It was also noted that the emergency lights in the building were not adequate, and downstairs in the new addition, there were not any lights to assist people in exiting the building in the event of a power outage. The fire extinguishers have been bought and an estimate for the emergency lights is being drawn up. With the new fire extinguishers and emergency lights, the Town Hall should be adequately equipped to meet the requirements of safety for a public building.

Letters have been sent by the selectmen to various town departments to submit names to represent their departments on a committee. This committee will then be preparing an emergency plan for the town.

Again, I would be happy to hear from anyone who has ideas as to how the Town of New London can be better prepared to handle any emergency.

Respectfully submitted,

STUART F. SIDMORE, JR.

*Emergency Management Director*

## NEW LONDON WELFARE DEPARTMENT

1988 was a very good year for this Department. We had but two requests for aid and both of these were settled quickly and with many thanks from both parties.

Not knowing what may happen this year, it is hoped that the Town appropriation for welfare will again be \$2,000.00.

Respectfully submitted,

HARRY B. HARRIS, JR.

## REPORT OF THE NEW LONDON POLICE DEPARTMENT

Last year in my report I told you that I had hired a fifth full-time policeman after a long search. Unfortunately I am reporting the same thing again this year, because the man I hired last year decided to move to California.

Our newly refurbished police station is working well, and with the installation of dehumidifying equipment this summer our paperwork is beginning to get crisp again.

After fighting the idea for some time I decided to give up, and adopt the standard system for recording "Calls For Service." This gives us more accuracy, but causes more paperwork which I have tried to avoid. The results of this are listed below, and as you can see there is still a general increase relative to population growth.

### Criminal Activities

	1987	1988
Assaults	4	3
Burglaries	17	14
Criminal Mischief	53	33
Thefts	79	50
Miscellaneous	15	70
Total Arrests	78	83
Total Lockups	68	86

### Motor Vehicle Activity

Summonses	638	816
Warnings	766	1,353
Accidents Reported	70	87
Total Injuries	22	20
Fatalities	0	1
DWI	26	22

### Calls for Service

Responses To Burglar Alarms	587	444
Responses To Fires	62	39
Money Escorts	180	156
Missing Persons	12	48
Requests For House Checks	217	203
Domestic Complaints		23
Complaints On Vehicles	191	229
Suspicious Persons	42	134
Aids To Ambulance Crew	187	57
Suspicious Vehicles		192
Miscellaneous	1,027	2,018

We want to thank everyone for their cooperation and help this past year, and again we ask you for your assistance in 1989. Remember, my door is always open.

Respectfully submitted,

RALPH MARSHALL

*Chief*

New London Police Department

**REPORT OF THE TREE WARDEN**

In 1988, New London, once again, was awarded Tree City, USA, by the National Arbor Day Foundation. This was a remarkable achievement with a stringent budget of \$8,000.

Out of the \$8,000, \$5,414 was spent on tree and stump removal and \$864.50 was spent on tree maintenance: pruning, spraying, and fertilizing. The sum disbursed for planting was \$3,363. Of that sum, \$1,650 was a generous gift from Alex Wenner in memory of his parents. With the Wenner gift the Town planted seven flowering crabs in the vicinity of Gay Farm Road.

Respectfully submitted,  
ROBERT FRALEY  
*Tree Warden*

## **ANNUAL REPORT 1988**

### **TRACY MEMORIAL LIBRARY**

Circulation of books, periodicals, pamphlets, records, and cassettes increased from 44,113 in 1987 to 50,312 in 1988. New acquisitions numbered 1,420 for books, pamphlets and large print materials and 41 for non-print items such as records and cassettes (including an embryonic video cassette collection), for a total of 1,461.

In January, 1988, the library began reregistration of all patrons. During the year a total of 1,661 patrons registered, among them 445 new borrowers. In addition, 150 temporary cards were issued. We held 26 adults programs with a total of 487 in attendance and 131 children's programs attended by 5,184 lively young people.

The library would be less rounded without the many volunteers who faithfully provide a regular support system, to our professional staff. Volunteers process books, clean records, mend books, sort periodicals, man the circulation desk, assist in special programs, just to name a few.

Along with and in addition to our volunteers, the Friends of Tracy Memorial Library provide continuing support. Because of this group's recent generous financial gift, we have been able to hire Michael Ingram of Ingram/Wallace, Inc., Manchester, to put together preliminary architectural plans for a building and renovation program that, with the aid of community support, will be launched in the spring of 1990. In addition, funds from the Friends purchased a reference desk and chair, 8 end-of-shelf shelving units, a new card catalog, toys and puzzles for the children's room, a new Americana Encyclopedia, and a share in a PBS videocassette collection which will be rotated among several area libraries. The Friends also sponsor special activities throughout the year for adults and children. This assistance is invaluable and greatly appreciated.

The delivery of materials to house-bound New London residents through the generosity of the Alma H. Ohler Memorial Fund and library volunteers continues to be a valuable service to the community. This year 1,540 items were delivered.

Virginia Foose, Librarian, and her staff work diligently to provide requested materials, information, and assistance to all members of the community, and because of them, Tracy Memorial Library is a happy, creative, and enriching place to be. Please visit and use our library. It is for all of us, and we are so fortunate to have it.

Respectfully submitted,

JANE V. PAIGE

**1988 REPORT OF DECISIONS  
OF ZONING BOARD OF ADJUSTMENT**

- January 27** CHRISTIAN SCIENCE SOCIETY. Special Exception as provided in Article XIV, Section C(11) for a building to be used as a church, located on Main Street. **DENIED.**
- January 27** N. CHESTER REYNOLDS. Variance to the terms of Article XII, Section A to renovate an existing building and reinstate use as an apartment, located on Seamans Road. **DENIED.**
- January 27** PLEASANT LAKE INN — GRANT L. RICH. Special Exception as provided in Article XII, Section B and D and Article XIV, Section C (2) to restore an existing building, presently used as a workshop to a building with bedroom and bath for rental purposes, located on Pleasant Street. **DENIED.**
- June 16** JANET B. & CLARENCE KEYSER, JR. Variance to the terms of Article VI, Section C to extend an existing attached garage, resulting in less than side yard requirements, located on corner of Old Main Street and Route 11. **DENIED.**
- June 16** DAVID J. RHODES & B. SUSAN ROGERS. Variance to the terms of Article II, Section 5 to build a cupola (with weather vane) on residential building, under construction, that will exceed height regulations, located on Bog Road. **GRANTED.**
- June 22** LAKE SUNAPEE HOME HEALTH CARE, INC. Variance to the terms of Article 1, Section 10 (A & E) to change the wording of an existing sign, located on County Road. **GRANTED.**
- June 22** ESTATE OF MURIEL OLIVER, DOUGLAS OLIVER, EXECUTOR. Variance to the terms of Article VI, Section C to legalize a lot with less than side yard requirements, for purpose of sale to new owner, located on Lamson Lane. **DENIED.**
- July 20** SHEFFIELD J. & LOUISE G. HALSEY. Variance to the terms of Article V, Section 2 to replace an existing deck resulting in less than side yard requirements, located on Lakeshore Road. **DENIED.**

- July 20** NEW LONDON HISTORICAL SOCIETY. Special Exception as provided in Article XIV, Section C(12a & b) to allow the New London Historical Society to continue as a non-profit Historical Village meeting the purposes of the New London Zoning Ordinance definition, located on Little Sunapee Road. **GRANTED.**
- July 20** NEW LONDON HISTORICAL SOCIETY. Variance to the terms of Article II, Section 5 to erect an aermotor Sampson Windmill on the Historical Society grounds that will exceed the height regulations, located on Little Sunapee Road. **GRANTED.**
- August 17** REHEARING ESTATE OF MURIEL OLIVER, DOUGLAS OLIVER, EXECUTOR. Variance to the terms of Article VI, Section C to legalize a lot with less than side yard requirements, located on Lamson Lane. The Board determined that no Variance can be granted. However, the Board cautioned any owner or buyer that this determination is limited to the structure that exists on the premises as of this date. Any further alteration, removal or expansion of the building would have to conform to present day set-back, side yard and other zoning requirements, as prescribed in the New London Zoning Ordinance.
- August 17** JEFF & ELIZABETH FEINGOLD. Variance to the terms of Article VI, Section C to allow construction of an attached garage, resulting in less than side yard requirements, located on Route 11. **DENIED.**
- August 17** JESSEMAN ASSOCIATES FOR SUSAN NADEAU. Variance to the terms of Article VII, Section A (6) to permit entire building complex, located on Little Sunapee Road, to be USED for Commercial purposes. **GRANTED** with stipulation that matters regarding parking and property questions would be subject to a site plan review by the Planning Board.
- August 24** KATHLEEN & ROBERT BOWERS. Variance to the terms of Article VII, Section B2 to build an outside stairway that will be closer to the side yard than allowed, on property located on Main Street. **DENIED.**
- September 7** LOIS & HAROLD SOLOMON. Variance to the terms of Article V, Section C to build an addition to a residence resulting in less than yard requirements, located on Little Lake Sunapee. **DENIED.**

<b>September 7</b>	WAYNE A. SWANSON. Special Exception as provided in Article II, Section 13 to allow the construction of a pond, located at corner of Knights Hill Road and County Roads. <b>GRANTED</b> contingent on approval from the New Hampshire Wetlands Board.
<b>September 21</b>	TODD FARM ASSOCIATES, RICHARD E. MANN, JR. Special Exception as provided in Article XI, Section A for a Residential Planned Unit Development in the Agricultural Zone, on property located on the northeast side of King Ridge Road. <b>GRANTED.</b>
<b>October 20</b>	TRUSSELL HILL CORP., KEVIN SLEEPER. Special Exception as provided in Article II, Section 2 for the removal and possible sale of topsoil to facilitate construction of a one mile road, on property located on Old King Hill Road. <b>GRANTED.</b>
<b>October 20</b>	HESTOR W. & BETTY S. FLODIN. Variance to the terms of Article V, Section C to build an addition to a residence resulting in less than side yard requirements, located on Little Lake Sunapee at end of Murray Pond road. <b>DENIED.</b>
<b>November 9</b>	ROBERT WILLIAMS/GRAY HOUSE RESTAURANT. Variance to the terms of Article XII, Section D to allow an addition to a building with non-conforming use, located at Crockett's Corner. <b>GRANTED.</b>
<b>November 16</b>	HARRY W. SNOW III. Variance to the terms of Article VI, Section B(2) to build a two family residence on a two acre lot zoned for single family residence, located on Otterville Road. <b>DENIED.</b>
<b>November 16</b>	NORMAN LEGER. Appeal from an Administrative Order in relation to RSA 671:16 to replace a demolished building as previously existed, located on Whipple Court. <b>GRANTED.</b>
<b>November 16</b>	TODD FARM ASSOCIATES — RICHARD E. MANN, JR. Special Exception as provided in Article XIX, Section E to construct two access roads, a water system maintenance road and two water impoundments over short sections of soils classified as poorly drained, on property located on King Ridge Road. <b>GRANTED.</b>

**December 14**

LINDSEY M. & ELIZABETH COLLINS. Variance to the terms of Article V, Section C2 to replace an existing structure with continuation of present side yard non-compliance, also less than side yard requirements for proposed garage, located on Lakeshore Road. **DENIED.**

**December 14**

WILLIAM J. FACCONI, JR. Variance to the terms of Article XIX, Section F to subdivide 4.03 acres into two 2 acre lots on land classified as poorly drained soil, located on South Pleasant Street. Continued to time uncertain for more information.

BETTY HERRICK

*Chairman*

**COMMUNITY ACTION PROGRAM  
BELKNAP-MERRIMACK COUNTIES, INC.**

Over the past twelve years, the Kearsarge Valley Community Action Program has been the focal point of social service delivery in this area, providing help when needed to the income eligible and elderly, as well as to the community at large.

As perhaps you are aware, Community Action Program Belknap-Merrimack Counties, Inc. generates funds through the mobilization of available federal, state and local monies. Support for the local Area Center is derived from a combination of federal appropriations and local tax dollars. This combination allows the Kearsarge Valley Community Action Program to provide a variety of services to the residents of your community, from the development of programs which meet local needs, to outreach, referral and direct assistance.

The attached budget reflects the minimum costs of maintaining and continuing the operations of the Kearsarge Valley Area Center. I respectfully submit that an item be placed in the Town Budget in the amount of \$1,757.00 for the continuation of services to the residents of the Town of New London.

This figure is based on the operating costs of the Area Center, as well as on last year's local community participation level and the services provided to New London in the amount of \$21,976.07. The total dollar amount needed from the local towns to maintain and operate the Area Center is \$28,937.00.

I have also attached a detailed summary which provides a brief description of our programs and the number of New London residents who participated in them.

The staff of the Kearsarge Valley Area Center wish to thank you and the Town of New London for your support in the past. With your continued interest, we will be able to continue to provide needed services to the members of your community.

Sincerely,  
BARBARA CHELLIS  
*Area Director*  
Kearsarge Valley Area Center

## 1989 WARNER AREA CENTER OPERATING BUDGET

### Personnel:

Area Director	\$16,537.00	
Fringe Benefits	<u>6,705.00</u>	\$23,242.00

### Other Costs:

Program Travel: 5,714 miles —		
@ 21¢ per mile	1,200.00	
Rent	2,557.00	
Telephone	1,400.00	
Postage	100.00	
Office Supplies	50.00	
Advertising	25.00	
Staff Development	75.00	
Publications	120.00	
Liability and Fire Contents Insurance	<u>168.00</u>	
		<u>5,695.00</u>
TOTAL BUDGET:		<u><u>\$28,937.00</u></u>

Federal Share:	\$ 3,246.00	(11%)
Town Share:	<u>\$25,691.00</u>	(89%)
(All towns in catchment area)	\$28,937.00	(100%)

**1988 SUMMARY OF SERVICES  
PROVIDED TO NEW LONDON RESIDENTS  
BY THE KEARSARGE VALLEY AREA CENTER  
BELKNAP-MERRIMACK COMMUNITY ACTION PROGRAM**

Services	Units Of Service	# Of Households/ Persons	Value
MEALS-ON-WHEELS — Provides the delivery of nutritionally-balanced hot meals to homebound elderly or adult residents five days per week. Value — \$4.91 per meal.	1,014 meals	6 persons	\$4,978.74
FUEL ASSISTANCE — Income-eligible households, particularly the elderly, are assisted with energy costs during the heating season. The average assistance per household is \$504.55.	11 appli- cations	11 house- holds	\$5,550.00
WEATHERIZATION — Improves the energy efficiency of income eligible households. Supplemental Program also includes furnace replacement, water heater replacement and roof repair. Value includes materials and labor costs. \$1,070.11 average support costs.	1 home	1 home	\$ 538.39 (materials) 1,070.11 (support costs)
FAMILY PLANNING — Provides confidential, comprehensive gynecological care, including complete medical examinations, breast exams, Pap Smears, pregnancy testing, birth control and counseling. \$43.00 per unit.	1 visit	1 person	\$ 43.00
WOMEN, INFANTS AND CHILDREN — Provides specific foods to supplement daily diet of pregnant or nursing women as well as children under 5. Participants receive medical/nutritional screening, counseling and education. Value includes monetary value of vouchers and clinical services. \$31.75 per unit.	69 voucher packets	7 persons	\$2,190.75
HEAD START — This child development program serves children before they enter public school. Provides classroom and in-home learning services for both children and their families. Value — \$3,297.00 per child, per year.	2 children	2 households	\$6,594.00
USDA COMMODITY FOODS — Distribution of Federal Surplus Foods to income eligible people through scheduled mass distributions.	90 blocks of cheese	31 house- holds	\$ 569.70
Value of Cheese — \$.63/5 lb. block	90 blocks butter	50 persons	127.80
Value of Butter — \$1.42/1 lb. block	32 boxes		117.76
Value of Dry Milk — \$.68/4 lb. box	dry milk		
Value of Rice — \$.42/2 lb. bag	31 bags rice		13.02
Value of Corn Meal — \$.68/5 lb. bag	30 bags corn meal		20.40
Value of Flour — \$.60/5 lb. bag	29 bags flour		17.40
Rounds I, II, III and IV			

EMERGENCY FOOD PANTRIES — Provides up to three days of food for people facing temporary food crisis. Value — \$2.50 per meal.	18 meals	1 household 3 persons	\$ 45.00
CLOTHING ASSISTANCE — Provides locally donated clothing to families in need. Value — \$25.00 per family.	4 families	4 house-- holds	\$ 100.00
INFORMATION AND REFERRAL — CAP provides utility, landlord/tenant, legal and health counseling, as well as referrals for housing, transportation and other concerns to anyone in need. Value of service varies from client to client.	not tracked	not tracked	

TOTAL: \$21,976.07

## NEW LONDON HOSPITAL AUXILIARY ANNUAL REPORT 1988

The New London Hospital Auxiliary was founded in 1925 by four young women to give support and financial aid to the hospital. The Auxiliary has kept pace with the expansion of the hospital over the years, and today numbers 365 members who continue to carry out the original purpose.

In addition to driving Meals-on-Wheels and assisting at the quarterly Red Cross Bloodmobiles, volunteers serve in almost every department of the hospital. In the face of an increasingly critical shortage of health care personnel, their service relieves staff to concentrate in areas where their professional skills are required. There are still many volunteer jobs to be filled.

The Auxiliary is engaged in fund-raising activities throughout the year, and several of these projects are devoted to providing scholarships to encourage people to enter or to remain in the health care field. Three scholarships were granted to hospital employees' children enrolled in the A.B.C.s. Day Care program. A graduating high school student planning on a health care career is given a scholarship each year. An amount of \$1,000 is presented annually to the hospital for continuing education for employees. Funds raised by two tennis tournaments, The Easy Aces Bridge tournament, hot dog lunch sales at Cricenti's and Barn pillow rentals are designated for scholarships, and this year the money available for this purpose has almost doubled. We are especially grateful to the merchants and sponsors who supported these efforts.

Auxiliary members work through the year preparing for the two rummage sales (Spring and Fall) and for Hospital Day sales tables (white elephants, books, hand crafts, knitting, jewelry, and food table). Proceeds from these activities have resulted in gifts to the hospital this year totaling \$20,000, of which \$3,000 will purchase a computer for the library, and the remainder will start a fund for the building of a screened porch for Extended Care residents. We deeply appreciated the vast amount of community support which has made these sales so profitable.

The Auxiliary meets on the first Wednesday of every month from October through June for work sessions and informative lectures by professionals in the health care field. All interested persons are welcome to attend all or any part of these meetings.

The current officers of the Auxiliary are:

Frances B. Hoke	President
Ellie Taylor	1st Vice President
Janice Eberly	2nd Vice President
Claire MacDonald	Record Secretary
Marylou Atkins	Corresponding Secretary
Hope Howard	Treasurer
Andi Steel	Assistant Treasurer
Mary S. Teach	Past President

**SULLIVAN COUNTY  
REGIONAL REFUSE DISPOSAL DISTRICT  
SOUTHERN WINDSOR/WINDHAM COUNTIES SOLID WASTE  
MANAGEMENT DISTRICT  
ANNUAL REPORT OF ACTIVITIES 1988**

The NH/Vt Solid Waste Project has experienced a very busy and successful year. The primary objective of 1988 was the construction and opening of the Districts' ash landfill. Construction actually began in the Fall of 1987 with the completion of initial roadway construction and land clearing. Work on the ash landfill was halted for the winter months and resumed in April 1988. Construction of the landfill was completed in October 1988 and the ash landfill began operations on October 19, 1988. The total cost for the ash landfill is approximately \$3.2 million dollars. This is a state-of-the-art landfill with two liners, the secondary liner begin composed of two feet of compacted soil and the primary liner is a 60 mil synthetic liner. Each liner has a leachate collection system. The landfill also has monitoring wells and leachate storage tanks. Anyone interested in visiting the ash landfill or waste-to-energy facility should contact the Project office directly at (603) 543-1201.

The waste-to-energy facility has been operating smoothly throughout the year. The Districts are presently working with SES Claremont Co, LP to improve the efficiency of the plant in the areas of moisture reduction in the ash and to reduce the metal content of the ash. The ash testing conducted on random samples taken from the waste-to-energy facility has continually demonstrated that the ash is non-hazardous. The samples taken have passed E.P. Toxicity tests for all twelve months.

Financial problems beset the Project during the opening months of the year due to a large unexpected tax bill and a budgeting error. This was corrected by amending the 1988 budget and increasing the tipping fee from \$48.08/ton to \$60.00/ton as of August 1, 1988. While this increase solved the cash flow problems being experienced, a deficit balance of \$215,000 incurred prior to August 1, 1988, had to be incorporated into the 1989 budget. The tipping fee for 1989 will be \$68.62/ton effective February 1, 1989.

There have been several staff changes made in the Project office this year. In April, John E. Cook was hired as the Project Director to take the place of Connie Leach, who left to take a position with the State of Vermont. Denise Egbert was promoted to Business Manager. In June, Carl E. Hirth was hired to be the Recycling Manager/Planner for the Districts. Mr. Hirth's initial task will be to administer the Vermont State Planning Grant for the Southern Windsor/Windham Counties Solid Waste Management District. The grant awarded is in the amount of \$196,770 and is for the purpose of writing the new solid waste

n required by the State of Vermont for the District. The revision of this plan will bring the District in line with the Vermont Solid Waste Plan (Act 78). This task is expected to be completed in the Fall of 1989.

Recycling is a major goal of the NH/VT Solid Waste project. Many of the member towns have already instituted recycling programs of their own accord. These towns include Cavendish, Chester, Ludlow, Rockingham, Springfield, Reading, Weathersfield and Windsor in Vermont, and Center Harbor, Claremont, Cornish, Grantham, Plainfield, Newport, New London, Springfield and Sunapee in New Hampshire. The Towns of Goshen, Lempster, Unity, and Washington in New Hampshire are presently uniting to begin the initial stages of planning a recycling facility and program for their towns.

The need for more active recycling was pointed out by the fact that member towns overdelivered to the waste-to-energy facility by 2,900 tons in 1988. The Districts' guaranteed annual tonnage for 1988 was 47,500 tons and we will deliver approximately 50,400 tons. The Districts have elected to retroactively increase their guaranteed annual tonnage in 1988 to 50,300 tons effective January 1, 1988. In 1989, the Districts will request a guaranteed annual tonnage of 55,300 to allow for the accommodation of new member towns and conditional members as well to allow for growth of current members. The Project has received several requests from interested towns in both states seeking membership into the Districts. As a result of several Joint Meetings and separate meetings of the Districts, as well as the Executive Committee, it was determined that the Project is interested in exploring the concept of accepting new members in 1989 and will adjust their guaranteed annual tonnage accordingly.

Overall, this has been a very successful year. Operations at both the waste-to-energy facility and landfill are going well and the Districts' increased involvement in recycling and total waste management make our prospects for the coming year very active.

## PERAMBULATION OF THE TOWN LINE BETWEEN NEW LONDON AND SUNAPEE

Pursuant to a notice by the Selectmen of New London and the letter dated July 29, 1988, from the Selectmen of Sunapee asking New London to perform the perambulation in their behalf, the undersigned met as follows: On the 26th day of September to locate Bounds #1, #3 and #4; on the 3rd day of October to locate Bound #2; and on the 8th day of November to locate Bound #5.

**Bound #1:** Beginning at the Northwest corner of New London and the Northeast corner of Sunapee by a stake and stone near a large yellow birch tree marked TL, NL and S — 1925, 1932, 1939, 1946, 1960, 1974 and 1983. 1988 was added.

(Marker is about 150 feet northerly of the concrete monument placed by the State on Route I-89 to indicate the Town Lines. As the marker is just north of a small swamp, it is necessary to enter the woods using the old borrow pit road just beyond the marker and turning toward the corner, just beyond the swamp.)

**Bound #2:** On the other side of I-89, enter the woods directly behind the concrete monument and head South 18 degrees West 845 feet to a group of stones on the north shore of Otter Pond. Center stone of the group is marked, on the **pond** side, TL. Date 1904 is clearly visible. Others are obscure. Group of stones is just below a 12-14" dia. white birch which is clearly carved with date 1925. 1988 was added to the stone.

**Bound #3:** Thence to a stone post on the south side of the highway (NH Route 11) leading from New London to Sunapee, marked TL with dates of varying degrees of obscurity with 1904, 1939, 1974 and 1982 most visible. 1988 added.

**Bound #4:** Thence South 22 degrees West to a boulder in a wall running along the top of the hill, marked TL 1932, 1939, 1946, 1953, 1960, 1974, 1983. 1988 added.

(Can be located by turning southerly up Avery Lane from Route 11 until you reach a stone wall with a driveway parallel to it on the southside. This driveway is to a new ranch-style house. Follow the wall almost to the crest of the hill to the marker.)

**Bound #5:** Thence South 24 degrees West for 850 feet to a large round boulder on the shore of Lake Sunapee. Marker is a flat rock **next to** this boulder with vertical face facing Lake Sunapee. Rock is clearly marked TL **on the lake side** with dates of variable visibility, in which 1887, 1904 and 1960 appear most prominent. 1988 added.

(Boulder and adjacent flat rock are near two tall pines on the shore below the workshop building on the property of one Lincoln Gordon.)

In witness whereof we have set our hands on the dates indicated in the year 1988.

Town of New London*

### PERAMBULATION OF TOWN LINE BETWEEN NEWBURY AND NEW LONDON

Pursuant to agreement by the Selectmen of the Town of Newbury and the Selectmen of the Town of New London, we met on the 14th day of October at 1:00 o'clock in the afternoon at the Town Line on NH Route 103A and proceeded to perambulate the lines between the said towns and renew the marks and bounds and establish the same as follows:

The northwest corner of Newbury and the southwest corner of New London meet on the east line of the Town of Sunapee, out in the lake. From this point the line runs S. 83 degrees 30 minutes E. to a large rock on the shore of the lake. This is about 100 feet south of the so-called Williams boathouse. This bound is marked TL with dates of extremely limited legibility. 1988 was added. (This rock is adjacent to a steel pillar marking an underground telephone cable.)

Thence S. 83 degreeen 30 minutes E. 118 rods to the stone gatepost to so-called Williams place clearly marked TL 1941, 48, 55, 62, 69, 76, with 1988 added.

Thence S. 84 degrees E. to a bound on an abandoned road called Baker Hill Road. The bound is a large multifaceted rock on the east side of the "road," 10 feet from the corner of a short section of stone wall. The rock is marked TL with 1913-20-27-34-41-48-55-62-69-76 moderately visible, with 1988 added. (Baker Hill Road is overgrown and difficult to locate. Its path runs due south from the SE side of NH Route 103A, 1/10 mile SW of the intersection of 103A and King Hill Road, near where the utility lines cross 103A.)

Thence S. 84 degrees E. 254 rods to what previous description specified as a large stone in the ditch on the west side of Stony Brook Road about 200 feet south of the culvert. Widening and further ditching of the road has eliminated this stone. Location is now marked by a 2' dia. iron pipe which is also the SE bound of New London lot 137-20, currently owned by one Chris Holm. This pipe is 40 feet south of Holm's driveway and 33 feet from center line of Stony Brook Road. Pipe was staked and marked 1988.

Thence from this bound S. 84 degrees E. 105 rods to a stone monument in the wall about 10 rods east of the SW corner of property owned by one Hardy Hasenfuss (New London lot 138-6). To get there, take Knowlton Road to the cul de sac and walk through the Hasenfuss property approx. 1,200 feet in direction S. 20 degrees W. until stone wall is reached. Monument in stone wall consists of three stones, center one triangular and marked T/LINE-NL-S-N, being the intersection of three towns, including Sutton. Wall is adjacent to an unused gravel road running westerly from Sutton, which may provide easier access to this marker. Clearly visible dates are 06, 13, 20, 41, 48, 55, 76, 82. Marked 88.

In witness whereof we have hereunto set our hands on the dates indicated in the year 1988.

We approve of this perambulation.

### **PERAMBULATION OF TOWN LINE BETWEEN THE TOWNS OF SUTTON AND NEW LONDON**

Pursuant to a notice by the Selectmen of New London to the Selectmen of Sutton, the undersigned met at the New London, Sutton, Newbury boundary marker on second day of November, 1988, at eight thirty o'clock in the morning and proceeded to perambulate the Town Line between said Towns.

1. Beginning at the Northwest corner of Sutton on the south line of New London, about ten rods east of Charles Bailey's (Fred Knowlton's) South West corner at a stone monument in a stone wall, marked: T.L., S. and N.L., 1911, 1918, 1925, 1932, 1939, 1946, 1953, 1960, 1967, 1974, 1982;
2. thence, North 89 degrees East, 83 rods previous measure to a hemlock stump referred to in perambulations of 1918, 1960, 1967, 1974. The stump is now rotten and cannot be date marked successfully. A rock about five feet south of said stump is marked '60, '67, '74, and '83. The last date was marked in error at the perambulation of 1982.
3. thence, North 89 degrees East, 85 rods, previous measure to a stone in the end of a cross wall marked: T.L., 1890, 1897, 1904, 1911, 1918, 1960, 1967, 1974, '82; this being in the southeast corner of Donald Wright's field.

4. thence, North 89 degrees East to a stone monument on the West side of the road leading from the DesBarres residence to King Hill, marked: T.L., 1932, 1939, 1946, 1953, 1960, 1967, 1974, 1982.
5. thence, on the same course to a large boulder on the West side of the road leading from Sutton to Hominy Pot, marked: T.L., S. and N.L., 1911, 1918, 1925, 1932, 1939, 1946, 1953, 1960, 1967; this rock has been split by blasting since 1967 and moved approximately 4 feet south of the line;
6. thence, on the same course 234 rods, previous measure, to a stone monument on the west side of the road leading from Crockett's corner to Rowell Hill, marked: T.L., S., and N.L., 1925, 1932, 1939, 1946, 1953, 1960, 1967, 1974, '82;
7. thence, 79 rods, previous measure, on the same course to a stone monument in the stone wall opposite Charles Aaron's house marked: T.L., S. and N.L., 1918, 1925, 1932, 1939, 1946, 1953, 1960, 1967, 1974, 1982;
8. thence, North about 89 degrees East, 231 rods, previous measure, to a stone on the wall on the East side of the road leading from Page Corner to Sutton, marked: T.L. 1932, 1939, 1946, 1953, 1960, 1967, 1974, 1982;
9. thence, on the same course to a large stone on the west side of Baker Road, marked: T.L., 1932, 1939, 1946, 1953, 1960, 1967, 1974, 1982;
10. thence, 281 rods, previous measure, to a stake and stones at the corner of a fence near a Beech tree on the southeast corner of New London, the northeast corner of Sutton on the Wilmot line, and marked: T.L., 1925, 1932, 1939, 1946, 1953, 1960, 1967, 1974, 1982;

We set metal fence posts with a brass tag attached, marked 1988, at or near each of the ten points referred to above.

## PERAMBULATION OF THE TOWN LINE BETWEEN NEW LONDON AND WILMOT

At the request of the New London Selectmen, The New London Conservation Commission agreed to perambulate the line between said Towns and confirm the existence of marks and bounds.

We are recopying the 1974 findings and adding our experiences.

1. Beginning at a stake and stones near a birch tree, stake marked TL NL & W 1905, 1912 and BT. Stone marked NL & W 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962 and other marks. Birch tree marked TL NL & W 1912 and other marks which established this point as the North corner of New London and the west corner of Wilmot; this mark is at the edge of the Gile Forest.

We were unable to locate the stake, the marker, or birch tree. We approached this corner along the Springfield/NL Town Line. We also attempted to locate the corner from the #2 bound between Wilmot and NL.

2. Thence South 46 degrees 27 east, 167 rods to a bottom at the corner of a wall marked TL 1884, 1905, 1912, 1919, 1934, 1941, 1948, 1955, 1962.

We marked TL on a beech tree on the Upper Cascade Trail about 550 paces above the intersection of the Webb Trail and the Upper Cascade Trail. From this tree, it is 375 paces across Great Brook to the corner of a stone wall. This is a 90 degree corner. The markings are quite eroded but TL, 1884, 1905, and 1912 could be identified.

3. Thence South 47½ degrees east 180 rods to a hemlock stake and stone marked TL 1884, 1905, 1912, 1926, 1934, 1941, 1948, 1955, 1962.

We were unable to find the marker. We found a barbed wire running about 200 feet at right angle to our traverse but were unable to locate the stone.

4. Thence South 32 degrees 20 east 156 rods to a stone on a wall at a lot corner marked TL, 1884, 1898, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962.

This stone in a wall at a lot corner is quite apparent and in good condition. It is about 500 feet west of the end of Wolf Tree Trail.

5. Thence South 30 degrees 20 east 156 rods to a stone on a wall end by a brook marked TL 1884, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962.

We were unable to locate a marked stone.

6. Thence South 54¾ degrees east 109 rods to a stone set up against a corner of a wall marked TL, 1884, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962.

We were unable to locate a marked stone.

7. Thence South 58½ degrees east 59 rods to a stone monument at a corner near a large maple tree; spotted stone marked TL, 1884, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962.

We could not find this stone. We found a stone wall and corner adjacent to an open field but that was all.

8. Thence South 49 degrees 10 east 71 rods (160 feet South of stone culvert to a stone monument on top of ledge in the Joseph Brown pasture, so called) marked TL, 1884, 1912, 1919, 1926, ledge marked 1934, 1941, 1948, 1955.

It appears that this marker is lost as there has been gravel removed from this area.

9. Thence South 49 degrees 10 east 144 rods to two small stones on top of wall in Simon Grace field near cross wall between Haskins and Langleys fields. Stone marked TL, 1884, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962,

This description is fairly accurate. We were able to locate the two stones. This is a wide stone wall. There is a 4'' stone marker in the wall next to a 14'' white birch.

10. Thence South 57 degrees 45 east 72 rods to a stone monument on the North side of highway leading over Rolfe Hill. Stone marked TL, 1884, 1905, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962 — the stone referred to has been removed and reliance is now placed on an iron pin in the junction of walls across the highway from Clough's sugarhouse.

The above description is reliable.

11. Thence South 57 degrees 45 east 50 rods to a stone on corner of wall lot line. Stone marked TL, 1884, 1912, 1926, 1934, 1941, 1948, 1955, 1962.

We followed the stone wall to an intersecting wall. There is a wide stone weighing about 25 pounds sitting on top of SE intersection. TL and 62 are carved onto surface.

12. Thence on same course 140 rods to a stone on North side of road near a maple tree, road leading from Elkins to Wilmot Center. Stone marked TL, 1912, 1934, 1941, 1948, 1955, 1962. Tree marked TL.

Follow stone wall to Wilmot Center Road. Before getting to maple tree at edge of road (the tree has a smooth heavy wire attached to trunk), there is flat stone (15'' x 27'' with TL and some dates carved into the surface.

13. Thence South 44½ degrees 32 rods to a stone monument and iron pin about 3 rods northeasterly of corner of stone wall; stone marked TL NL & W, 1876, 1884, 1919, 1926, 1934, 1962.

We seem to have gone about 300 paces to a cairn of stones with TL, 1876, 1884, and other dates. An 18'' beech tree has TL marking at same area. This spot is 50 feet NE of corner of stone wall in clearing.

14. Thence South 44 degrees west 387 rods to a stone on west side of highway leading from Elkins to Wilmot Flat. Stone marked TL NL & W, 1862, 1876, 1912, 1919, 1926, 1941, 1948, 1955. The stone referred to in the foregoing has been replaced by a concrete highway post painted project 14.

Only highway concrete marker (unmarked) was painted with a yellow 88.

15. Thence South 42 degrees west 57 rods to a stone monument about 2 feet from a big beech tree marked NL, TL, WTL, 1919, 1926, 1934, 1948, 1955, 1962 and other marks and initials, about 6 feet northerly of two boulders, one marked 1934.

We used the Town Line marker at edge of Route 11 as a starting point. The big beech tree is 8'' in diameter. It has TL and initials carved into the trunk. This tree is about 40 feet SE of 2 huge boulders and a 24'' beech tree. Stone markers are rough stone sticking upright 15''. It is heavily lichen covered.

16. Thence South 42 degrees west 198 rods to a large rock in the wall about 8 feet east of a larger rock in the same wall and about 2 rods east of another large boulder in same wall; rock marked on both sides of wall TL, 1884, 1905, 1919, 1926, 1934, 1941, 1948, 1955, 1962.

The stone in the wall is marked on side away from 30'' pine tree — TL, 1885, 1912. On other side, it is marked TL. We painted 88 in yellow.

17. Thence on same course 110 rods to a stone post on south side of the road leading from Wilmot Flat to Low Plains, marked TLNLW, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962 near a spotted tree marked TL.

This marker is quite evident from the road and is next to the gravel pit. We painted 88 in yellow.

18. Thence South 47½ degrees east 68 rods to a stone in the end of a stone wall; marked TL, 1884, 1905, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962 about 6 rods northerly of a large brook.

There are two stones, one on the other, at the end of a stone wall. Markings are TL, 1885, 1912. We painted 88 in yellow.

19. Thence South 45¼ degrees east 174 rods to a stone monument marked TL, W, NL, S, 1898, 1912, 1919, 1926, 1934, 1941, 1948, 1955, 1962 and other marks, being the corner of New London and Sutton and Wilmot line.

We did not look for this monument as it was located in the NL/Sutton traverse.

This perambulation was completed at various times, starting in October 1988 through January 1989 by the following:

V. H. ADAMS  
S. HOLLIS  
G. PAYNE

**NEW LONDON-SPRINGFIELD  
WATER SYSTEM PRECINCT**

**ANNUAL REPORT**  
**for the year ending**  
**31 DECEMBER 1988**

**Founded 1925**

Providing water service to customers in the  
Towns of New London and Springfield

**NEW LONDON-SPRINGFIELD  
WATER SYSTEM PRECINCT**

**PRECINCT WARRANT  
Towns of New London and Springfield, N.H.**

To the inhabitants of the New London-Springfield Water System Precinct in the counties of Merrimack and Sullivan, respectively, qualified to vote in Precinct affairs:

You are hereby notified to meet at the Town Hall in New London, New Hampshire, on Tuesday, March 21, 1989, at 3:00 p.m. to act on the following subjects:

(Note: By law the meeting must open before voting starts. Therefore, the meeting and polls will open at 3:00 p.m. At 3:15 p.m. the meeting will recess, but the polls will remain open until 8:00 p.m., at which time the meeting will reconvene to act on Articles 1 through 10.)

ARTICLE 1: To choose all necessary officers for the coming year.

ARTICLE 2: To hear the reports of officers, committees and auditors and pass any vote relating thereto.

ARTICLE 3: To set the salaries of all officers for the coming year.

ARTICLE 4: To see if the Precinct will vote to raise and appropriate the following sums to defray precinct charges for the ensuing year:

	<b>Actual 1988</b>	<b>Budget 1989</b>
Salaries, benefits, taxes	\$ 69,318	\$ 78,136
Maintenance	6,264	8,000
Utilities	3,191	3,300
Supplies	11,693	12,000
Insurance	17,147	16,200
Administration	5,675	5,500
Audit Expense	2,200	2,200
Legal Expense	1,607	3,000
Election Expense	890	900
Engineering Review	—0—	2,200
Equipment (Capitalized)	267	3,000
Contingency	3,901	1,000
Principal	27,255	—0—
Interest	<u>1,627</u>	<u>500</u>
Total	<u>\$151,035</u>	<u>\$135,936</u>

ARTICLE 5: To see if the Precinct will vote to appropriate the sum of \$48,000 for the completion of installation of water meters. (Precinct is presently 70% metered.)

ARTICLE 6: To see if the Precinct will vote to appropriate the sum of \$5,000 for engineering review, of a proposal for joint participation with the town of Sunapee on a water treatment plant and necessary transmission lines.

ARTICLE 7: To see if the Precinct will vote to appropriate the sum of \$50,000 to be paid into the Knights Hill Road Extension Capital Reserve Fund.

ARTICLE 8: To see if the Precinct will vote to appropriate the sum of \$50,000 to be paid into the Water Storage Tank Capital Reserve Fund.

ARTICLE 9: To see if the voters will ratify the changes of the Precinct boundary as approved by the joint boards of selectmen of New London and Springfield on January 30, 1988, to include the following property on Camp Sunapee Road:

Robert H. Grasmere Map 46 Lots #4, 4A, 4B, 4C,

ARTICLE 10: To see if the Precinct will vote to authorize the Commissioners to issue notes and incur debt in anticipation of taxes and other revenue in order to pay current maintenance and operating expenses as provided in RSA 33:7.

SUMNER STANLEY

*Chairman*

DAVID JONES

D. KENT WOODGER

## REPORT TO THE VOTERS — 1988

1988 was a year of meters, automation and studies, government and otherwise.

Seventy percent of the Water Precinct's users now have meters installed. The remaining thirty percent will have their meters installed this year. The metering will more equitably distribute the cost of water use than the old flat-rate system. Many examples have shown where the metered bill is less than the flat rate.

The Water Precinct is using an IBM Personal System/2 Computer to automate the bookkeeping process and prepare water bills. The conversion from the manual system has not been without problems, however Anna Green is getting accustomed to it. Both Anna Green and Richard LaPorte attended a class on the computer's operating system which should help them get more use out of the computer. This year the Precinct will examine a software product which will allow it to model the effect of changes to the water system.

The Federal and State governments have made sure that the Precinct will be kept busy meeting EPA Clean Water Standards for many years to come. On the one hand the State reports that our water is excellent while on the other hand Washington mandates that we install a water treatment plant. We are doing our best to meet all requirements in a fiscally responsible manner.

Two new Commissioners, David Jones and Kent Woodger, joined Chairman Sumner Stanley. Kenneth Jacques is the new clerk. The Water Commissioners meet the Wednesday of the first full week of each month. Precinct voters are invited to attend these meetings and observe the proceedings.

### COMMISSIONERS:

SUMNER STANLEY, *Chairman*

DAVID JONES

D. KENT WOODGER

RICHARD K. LaPORTE

## INDEPENDENT AUDITOR'S REPORT

JOHN F. BIEWENER  
CERTIFIED PUBLIC ACCOUNTANT  
JOHNSON HILL ROAD  
SOUTH SUTTON, NH 03273

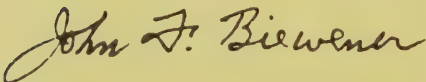

New London-Springfield Water System Precinct  
New London, NH 03257

**INDEPENDENT AUDITOR'S REPORT**

I have audited the accompanying balance sheet of the New London-Springfield Water System Precinct as of December 31, 1988 and 1987, and the related statements of revenue and expenditures and cash flows for the years then ended. These financial statements are the responsibility of the Precinct's management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the New London-Springfield Water System Precinct as of December 31, 1988 and 1987, and the results of its operations and cash flows for the years then ended, in conformity with generally accepted accounting principles.

A handwritten signature in cursive script that reads "John F. Biewener". The ink is dark and the signature is fluid, with a long, sweeping underline.

NOTES TO FINANCIAL STATEMENTS

(For the years ended on December 31, 1988 and 1987)

Note 1- Summary of Significant Accounting Policies

The income accounts of the New London-Springfield Water System Precinct are maintained on a cash basis, recording income as it is collected. The income accounts are converted to an accrual basis at year-end.

Expense accounts record items only when cash is disbursed. The expense accounts are converted to an accrual basis at year-end. The inventory of supplies is priced at cost. Based on a physical inventory taken once a year at year-end, the increase or decrease in the inventory value is charged or credited to supplies expense. The policy of the Precinct is to maintain a uniform level of supplies inventory for Precinct use in its operations. In 1986, the Precinct required certain commercial customers to install protective equipment to prevent possible contamination of the water system. As a convenience to these customers, the precinct purchased supplies of protective equipment for re-sale to customers, to assure the most expeditious installation.

Facilities and equipment are stated at undepreciated cost. Gifts and contributions of water facilities are recorded at fair market value at the time received. Assets disposed of or abandoned are written off at cost against the appropriate asset account, and charged to the Plant and Equipment Fund balance.

Note 2- Precinct Tax

The Precinct Tax has no restrictions. However, income from this tax is used primarily to pay principal and interest on outstanding debt, to pay for facilities and equipment, and to increase capital reserve funds. The tax is reported as Other Income to avoid distortion of gain or loss from water operations.
